

L.A. Care Health Plan launched Community Supports (CS) on January 1, 2022. CS are optional, non-traditional services that address social determinants of health. Under this program, L.A. Care launched the Housing Deposits program (HD) on 7/1/22.

Members who are enrolled with a Housing Transition Navigation Provider who offers Housing Deposit Services through Homeless and Housing Supportive Services (HHSS) qualify to apply for the Housing Deposits program. The program provides once in a life time funding to successfully establish a basic household that does not constitute room and board. Services provided will be based on individualized assessment of needs and documented in the individualized housing support plan (care plan).

Prior to submitting a request on behalf of the member, it is the provider's responsibility to discuss the program with the member and obtain consent to participate. ONLY HHSS providers contracted to offer Housing Deposit services can submit a request for Housing Deposits at this time.

Please be aware that a request does not guarantee eligibility. Providers must check eligibility prior to rendering services. Payments will not be made for unauthorized services.

Who is eligible?

1. L.A. Care Medi-Cal or Cal Medi-Connect member; and
2. Enrolled in and receiving housing navigation services through Homeless and Housing Support Services (HHSS); and
3. Currently in the process of moving into permanent housing¹; and
4. Unable to meet requested housing deposit expenses.

Who is not eligible?

1. Not currently enrolled in HHSS.
2. Already living in permanent housing at the point of request, but reasonable accommodation could be considered².
3. Not moving into a permanent housing setting.
4. Receiving housing deposit resources from a duplicative program.
5. Previously received housing deposit services from L.A. Care Health Plan or other Medi-Cal Managed Care plans.

Housing Deposits are available once in an individual's lifetime. Housing Deposits can only be approved one additional time with documentation as to what conditions have changed to demonstrate why providing Housing Deposits would be more successful on the second attempt.

¹ Permanent housing (PH) is defined as community-based housing without a designated length of stay in which formerly homeless individuals and families live as independently as possible. Under PH, a [member] must be the tenant on a lease (or sublease) for an initial term of at least one year that is renewable and is terminable only for cause. Further, leases (or subleases) must be renewable for a minimum term of one month. <https://www.hudexchange.info/programs/coc/coc-program-eligibility-requirements/>

² Reasonable accommodations may be considered for a member who has been living in permanent housing for less than five years and only when the member is re-locating due to a recent change in their physical ability that impacts their access to current housing unit. This must be documented in the member's housing support plan.

What does Housing Deposits cover?
