L.A. Care Health Plan

Celebrating Our 25th Anniversary serving Los Angeles County

The health plan was founded in April 1997 as part of California's two-plan model of Medi-Cal managed care in Los Angeles County. Since then, L.A. Care has grown from a 100-person organization serving more than 200,000 Medi-Cal recipients to a plan that has more than 2,000 full-time employees and serves more than 2.5 million members in four product lines.

L.A. Care provides access to quality care for one in four L.A. County residents. We are proud of what we have accomplished over the past 25 years, and are looking forward to serving Angelenos for many years to come. We are here for you!

Celebrate this milestone with us by visiting our anniversary webpage at lacare.org/25years.

Ask the Doc: What are Flu Myths?

A myth is a widely held, but false belief or idea. There are myths about the flu shot that people think are true, but they are false. Here is the truth.

Q: Can the flu shot give me the flu?

A: The flu shot cannot give you the flu. It is made from an inactivated virus that cannot make you sick. It takes 1 - 2 weeks to get protection from the flu shot. If you get the flu after the shot, you were going to get sick anyway.

Q: Is getting the flu shot the only way to protect myself from getting the flu?

A: While getting the flu shot is the best way to protect yourself from getting the flu; it is not the only way. You can also protect yourself by washing your hands, eating healthy foods, and staying away from sick people.

Q: Is it true I do not need to get a flu shot every year?

A: You should **get a flu shot every year** because flu strains are different. The flu shot is made to protect against the most common strains of flu.

Protect yourself and your family from the flu this year. Getting a flu shot is easy and free for L.A. Care members. Just go to your doctor or a local pharmacy and show your L.A. Care Member ID card.

Health is a state of body.
Wellness is a state of being.

Start Your Quit Smoking Journey!

Have you been thinking about quitting smoking?

Doing so takes time and a plan. You do not have to stop smoking in just one day. Why not let the first day of your journey be on the day of the **Great American Smokeout**? The American Cancer Society sets aside a day each year as a chance for people who smoke to commit to healthy, smoke-free lives and reduce the risk of cancer. This year, the Great American Smokeout is on **Thursday, November 17**.

Giving up smoking may be one of the hardest things you do. Success is higher with a good plan and support. Even if you have tried to quit more than once, remember to take it one day at a time. You can quit whether you smoke cigarettes, vape or chew tobacco.

If you need support to start your journey, call L.A. Care at **1.855.856.6943** (TTY 711) to learn more about telephone counseling and online self-paced programs and resources. Talk to your doctor about medication to help you quit. You can also call **Kick it California** at **1.800.300.8086** (English) and **1.800.600.8191** (Spanish) for free services such as one-on-one telephone coaching. Call or visit **kickitca.org** for more information.

Find a Provider Who is Right for YOU

As a L.A. Care member, you have many choices in receiving quality care. It all begins with choosing a provider that meets your needs, including your choice for language, gender, race and ethnicity. Our Customer Solution Center staff can help you find a doctor that speaks your language or a facility that has easy accessibility and parking spaces. Call the L.A. Care Customer Solution Center at **1.888.839.9909** (TTY 711).

You can also visit the L.A. Care website at **lacare.org** to use the online Provider Directory. Click on “Find a Doctor” from the L.A. Care home page to search for a doctor.

Ten Ways to Add Veggies to Breakfast

As the weather cools down you may start thinking about having warm hearty meals. One good way to do it in a healthy way is to add veggies to your breakfast.

Here are 10 ways to do so:

1. Add vegetables to scrambled eggs or omelets. Chopped spinach, mushrooms, bell peppers, diced tomatoes and leftover veggies work great.
2. Top a breakfast sandwich with cucumbers, tomatoes, pickled carrots, spinach or roasted peppers.
3. Make a new favorite by adding grated carrots or zucchini to your pancake or muffin batter.
4. Drink smoothies that are at least 75% veggies.
5. Make a breakfast burrito that is packed with veggies by adding tomatoes, onions, peppers, tomatillos and cilantro.
6. Toast an English muffin; add low fat cheese, tomato sauce, oregano and a mound of veggies for a tasty breakfast pizza.
7. Toss a salad, top it with a poached or a hard boiled egg and your favorite sauce or dressing.
8. Poach eggs in a spicy, chunky tomato and bell pepper sauce.
9. Place roasted or steamed veggies in a bowl. Top with hard boiled eggs and a drizzle of olive oil for a filling breakfast bowl.
10. Improve any favorite breakfast by adding a side of fresh sliced or sautéed veggies, including making your oatmeal or grits savory.

Medi-Cal Covers Dental Care for You and Your Family!

Did you know that oral health plays a big role in your overall health? Taking care of your mouth is important for having a healthy smile. It is also important to keep the rest of your body healthy.

Practicing good daily oral hygiene, scheduling regular dental check-ups, and living a healthier lifestyle is the best way to keep your gums and teeth healthy. It also helps reduce your risk of more serious health problems.

As a Medi-Cal member, your benefits and your child's benefits include dental coverage. Medi-Cal provides free or low-cost checkups every six months for members under the age of 21 and every 12 months for members age 21 and over. Visit the "Covered Services" page on [SmileCalifornia.org](https://www.smilecalifornia.org) to view a list of Medi-Cal covered dental services for all ages.

Find a Dental Home

Dental visits are your best defense against cavities and gum disease. When you find a dental office you like and where your family feels safe and comfortable visiting, it can become your dental home for care. It also:

- Allows dental staff to create a relationship with your family
- Reduces dental anxiety
- Gives the dentist a better chance to catch issues early

Do you need to find a Medi-Cal dentist near you? You can easily search for one online by visiting the "Find a Dentist" page on [SmileCalifornia.org](https://www.smilecalifornia.org). You can also visit the "Get to Know a Medi-Cal Dentist" page on [SmileCalifornia.org/Members](https://www.smilecalifornia.org/Members) to hear from some of our Medi-Cal dentists.

If you have questions about Medi-Cal Dental, please call the Smile California Telephone Service Center at [1.800.322.6384](tel:1.800.322.6384) (TTY [1.800.735.2922](tel:1.800.735.2922)). Smile On!

Medi-Cal Renewal

During the COVID-19 public health emergency (PHE), you have likely been able to keep your coverage regardless of changes. However, once the COVID-19 PHE ends, the L.A. County Department of Public Social Services (DPSS) office will check to see if you still qualify for free or low-cost Medi-Cal. If you or someone in your household receives a letter from the county asking for information about your Medi-Cal coverage, please provide it.

Please report any changes in your household, such as your income, disability status, phone number, email address or mailing address. It is important that the county has your current contact information, so that you can stay updated about your Medi-Cal coverage. You should also report if someone in your household becomes pregnant, if someone moves in, or anything else that may affect your eligibility. Reporting changes may help you continue to receive Medi-Cal coverage after the end of the COVID-19 PHE.

If you have any questions, or need help with your Medi-Cal coverage, or if your Medi-Cal was stopped, please call DPSS at [1.866.613.377](tel:1.866.613.377) (TTY 711). You can also update your information online at benefitscal.com.

We're In This Together

Do you ever feel down, easily angered or unmotivated? You may be feeling the lasting effects of shared trauma as a response to the global events that have affected us all. This includes the effects of COVID-19 and other tragedies, such as war. Fortunately, you are not alone and you can get help for your mental health and emotional needs.

You can call **Beacon Health Options** at **1.877.344.2858** (TTY **1.800.735.2929**) where you will be connected to staff who can provide you with a referral to a therapist or psychiatrist who are trained to help you. Call today to take the first step towards improving your mental well-being!

Pregnancy or a new baby can bring many new emotions. These feelings can make it hard to care for yourself and your new baby. If you need support, call or text at **1.833.9-HELP4MOMS (1.833.943.5746)** TTY 711. This is a free and private hotline.

Staying Healthy During the Holidays

Enjoy the holidays with loved ones by taking care of your health.

- Checkups, or well-care visits, are the best way to prevent health issues.
- Checkups can help catch issues early when they may be easier to treat.
- You will learn what shots or tests are due.

Make sure you see your doctor once a year for a checkup.

- Well-care visits are at no cost to you.
- If you are a new member, visit your doctor right away. This is the Initial Health Assessment (IHA) and should be done within three months of joining L.A. Care.
- Your doctor can show you how to make health changes, which may help keep you healthy, and able to enjoy the holidays.

Talk with your doctor to learn what health services are right for you.

Visit the L.A. Care website at **lacare.org** to see a “Shots and Tests Needed” chart by age. View it under, *For Members, Getting Care, Routine Exams*. In the *Resource* section on the right side of the page are brochures for Children and Teens, Adults and Older Adults.

Free Wi-Fi for Telehealth Appointments at Our Community Resource Centers

Do you need to see a doctor, but are not able to get to the doctor's office?

One way to stay healthy is by speaking with your doctor about your health care needs through telehealth! The L.A. Care and Blue Shield Promise Community Resource Centers offer free Wi-Fi and private rooms so you can connect with your doctor by phone or video. If you do not have a smartphone or tablet, do not worry, you can use one of our devices. This may be a faster or more convenient way to have a doctor visit.

You can get virtual care for common illnesses, mental health services and consultations. Contact our telehealth partner, Teladoc® by calling **1.800.835.2362 (TTY 711)**, 24 hours a day, 7 days a week to schedule an appointment. Members do not need pre-approval.

We understand that having a telehealth appointment at home may be hard for a variety of reasons, such as:

- Lack of technology, a smartphone, tablet or computer
- Limited or no internet access
- Lack of private or quiet space

Providing free internet access and private rooms so you can speak with your doctor is one more way we can help you get the health care you need.

First, schedule your telehealth appointment with your doctor, or with Teladoc®. Then reserve your spot in a private telehealth room at a Community Resource Center near you.

Call us at **1.877.287.6290 (TTY 711)** or visit **ActiveHealthyInformed.org** for more information.

Medi-Cal Pharmacy Benefits

As of January 1, 2022, Medi-Cal Pharmacy Benefits are administered through the fee-for-service delivery system Medi-Cal Rx.

Please visit the DHCS Medi-Cal Rx website for more information or visit L.A. Care Pharmacy Services link: <https://www.lacare.org/members/getting-care/pharmacy-services>.

How Long Should I Wait for My Appointment?

Did you know L.A. Care has rules about how long you should wait to get a doctor appointment? Appointments must be offered within the timeframes listed below*:

Primary Care Doctors

- Routine appointment (non-urgent): 10 business days
- Urgent appointment (no authorization required): 48 hours

Specialists

- Routine appointment (non-urgent): 15 business days
- Urgent appointment (requiring prior authorization): 96 hours

Did you know you can get health advice when your doctor's office is closed and on weekends or holidays?

- L.A. Care doctors must be available, or have someone available, to help you at all times.
- If you need to talk to your doctor when the office is closed, call your doctor's office phone number. Follow their instructions.
- A doctor or nurse should call you back within 30 minutes.

If you have trouble reaching your doctor, call the L.A. Care Nurse Advice Line at **1.800.249.3619 (TTY 711)** 24 hours per day, 7 days per week. A nurse will give you the health information you need.

Remember, if you have a medical emergency and need help right away, dial **911** or go to your nearest emergency room.

* The applicable waiting time for a particular appointment may be extended if the referring or treating health care provider has determined and noted in the patient record that a longer waiting time will not have a detrimental effect on the health of the member.

Nurse Advice Line Can Help You

Do you have questions about your health? Need medical advice fast? The **Nurse Advice Line** is available 24 hours a day, 7 days a week. Registered nurses will answer your health questions and help you take care of your family. Get tips on avoiding the flu, treating the common cold and so much more.

Use the audio library to listen to recorded messages on many different health topics. Call the **L.A. Care Nurse Advice Line** at **1.800.249.3619 (TTY 711)** or chat with a nurse online free. To access the nurse chat function, go to **lacare.org** and click on “Member Sign In” to log on.
