Dear L.A. Care Member,

L.A. Care Health Plan (**L.A. Care**) is sharing this yearly packet of Medi-Cal benefit information and resources to help you stay healthy.

This information will give you an overview of Medi-Cal and its benefits and services to help you access care. The services are available at low or no cost to you.

As a reminder, Medi-Cal renewals have begun. All Medi-Cal members have their Medi-Cal looked at once per year. Everyone has a different renewal date. If you receive a Medi-Cal renewal packet from the Los Angeles County Department of Public Social Services (DPSS), it is important to complete your renewal by the due date printed on the form. If you don't, you could lose your Medi-Cal coverage. You may submit the information to DPSS online at **benefitscal.com**, by phone at **1.866.613.3777**, by mail, or in person.

For more information about L.A. Care and Medi-Cal benefits and services, visit our website at **lacare.org** or call Member Services at **1.888.839.9909 (TTY 711)** 24 hours a day, 7 days a week including holidays.

Sincerely,  
L.A. Care Health Plan

# COVID-19, Flu and Respiratory Syncytial Virus (RSV) Prevention + Care

Protect yourself and everyone close to you with vaccines!

COVID-19, flu and RSV are all very contagious viruses. These viruses spread from person to person and can cause serious illness like lung infection, long-COVID, hospitalization and death.

All public health agencies and L.A. Care recommend that everyone who is eligible get the COVID-19, flu and RSV vaccines and/or boosters.

- ❖ **Eligibility:** The COVID-19 and flu vaccines are available for everyone ages six months and older. The RSV vaccine is now available to very young children and older adults who are eligible. Getting vaccinated is one of the best ways to protect yourself and your loved ones.
- ❖ **Access:** COVID-19 and flu shots are available at most pharmacies and your primary care provider's office, or go to [lacare.org/flu](https://lacare.org/flu) to find free flu shots in the community. The RSV vaccine is primarily available for newborns and young children, so you will need to check with your provider to see if the RSV vaccine is available and if you qualify. For older adults, a prior authorization is required for the RSV vaccine.
- ❖ **Cost:** There is no cost to eligible L.A. Care Medi-Cal members to receive the COVID-19, and Flu and RSV vaccines or medications.
- ❖ **Side Effects:** The vaccines do not infect you with a virus. Common side effects of these vaccines during clinical trials included pain at the injection site, fatigue, headache, muscle and joint pain, chills and mild fever. Side effects are generally mild and go away after a day or two, while the benefit of the vaccines remain.

## Stay Protected!

- Cover your coughs and sneezes with tissue or cough and sneeze into your elbow
- Wash your hands frequently and with soap
- Stay at home from work or school when sick and until symptoms improve
- Wear a mask if needed

## Get Treated

If you test positive for COVID-19 or have the flu, you can ask your provider to prescribe medications to treat these infections. These medications may limit the duration and severity of the infection and lower the potential risk for severe disease.

## Questions about COVID-19, Flu or RSV?

If you have questions about these vaccines or if you want to learn more about medications available, please talk with your primary care provider or visit [lacare.org/vaccine](https://lacare.org/vaccine).

For more information on RSV, please visit <http://publichealth.lacounty.gov/acd/diseases/RSV.html>

## Get your FREE COVID-19 and flu shot today!

Contact your Primary Care Physician (PCP) to schedule an appointment. You can also go to a local pharmacy. No appointment needed! Show them your L.A. Care ID card and get your free flu shot. If you need any other assistance, contact our Member Services department at **1.888.839.9909 (TTY 711)**.
