### What is the Health Education Audio Reference Library (HEAR)?

The Health Education Audio Reference Library has pre-recorded messages on topics that provide information you need to help:

- Prevent illness
- Identify warning signs
- Administer self-care

Health care questions and concerns are present even when symptoms are not. The Health Education Audio Reference Library is available to help you and your family to educate yourselves about any common and chronic illnesses and diseases—24 hours a day, 7 days a week.

### How do you use the Health Education Audio Reference Library (HEAR)?

The Health Education Audio Reference Library is easy to use. Simply call the same toll-free number you call to speak with a nurse. You can call anytime for information on a variety of health care topics. If you are calling from a touchtone phone, just follow the directions below. If you are calling from a dial phone (rotary phone), please stay on the line and a nurse can direct you to a topic.

Call instructions:

- Look up the -4digit number for the topic you want to hear
- Call the toll-free number.
- Select the option for the Health Education Audio Reference Library. You will hear the Health Education Audio Reference Library menu. Follow the instructions to select a topic.
- Listen to the recording. Topics are usually 1 to 7 minutes in length.

While listening to the list of topics, you can activate the topic of your choice by pressing the corresponding key on your telephone keypad.
