You have the right to no-cost interpreting services when getting health care services. L.A. Care offers no-cost

interpreting services in your language, including American Sign Language. These services are available 24 hours a day, seven (7) days a week. It is important to use a professional interpreter at your doctor appointments, to help you communicate with your doctor so that you understand your health and how to take care of yourself. The professional interpreter is trained and knows medical words and will interpret everything that is said between you and your doctor, correctly and completely. The interpreter keeps your conversation with your doctor confidential and private. You should not use friends or family, especially children to interpret for you.

- Your name
- Your member ID number
- Date and time of your appointment
- Doctor's name
- Doctor's address and phone number

### ***Access information for people with disabilities***

Many doctors' offices and clinics have accommodations that make medical visits easier for people with disabilities such as accessible parking spaces, ramps, large exam rooms, and wheelchair friendly scales. You can find doctors with such accommodations in the Provider Directory. L.A. Care Member Services can also help you locate a doctor who can meet your special needs.

A doctor's office, clinic or hospital cannot deny you services because you have disabilities. Call L.A. Care's Member Services Department at **1.855.270.2327** (TTY **711**) if you cannot get the services you need or if services you need are difficult to get.

**Remember:** Tell your doctor's office if you may require additional time during your visit, because you need extra help.

### ***Complaints***

You have the right file a complaint if:

- You feel that you were denied services because of a disability or you do not speak English
- You cannot get an interpreter
- You have a complaint about the interpreter
- You cannot get information in your language
- Your cultural needs are not met

You can learn more about this in the "*Grievances and Appeals*" section of this *Subscriber Agreement & Member Handbook*.

### **Service Area**

The Service Area for L.A. Care Covered **Direct™** is Los Angeles County (excluding Catalina Island). You and your Eligible Dependents must live in the Service Area and must select or be assigned to a PCP who is located sufficiently close to your home or workplace to ensure reasonable access to care, as determined by L.A. Care. Upon change of residence outside L.A. Care's Service Area, your coverage under L.A. Care Covered **Direct™** will terminate.

### ***If you travel outside of Los Angeles County***

As a member of L.A. Care Covered **Direct™**, your service area is Los Angeles County (excluding Catalina Island). All locations outside of Los Angeles County are out of your service area.

Routine care is not covered out of service area. Emergency and urgent care services are covered outside of Los Angeles County.

### ***Outside of Los Angeles County?***

If you have an emergency when you are not in Los Angeles County, you can get emergency services at the nearest emergency facility (doctor's office, clinic, or hospital). Emergency services do not require a referral or an okay from your PCP.

If you are admitted to a hospital not in L.A. Care's network or to a hospital your PCP or other doctor does not work at, L.A. Care has the right to move you to a network hospital as soon as medically safe.

Your PCP must provide follow-up care when you leave the hospital.

Please see the “Emergency Services” section for more details on emergency care.

## Timely Access to Non-Emergency Health Care Services

California law requires health plans to provide timely access to care. This means that there are limits on how long you have to wait to get health care appointments and telephone advice.

If you have a problem getting timely access to care, you should call L.A. Care Covered™ at the phone number located on your ID Card. If L.A. Care Covered™ is not able to resolve your problem, contact the DMHC Help Center at [www.HealthHelp.ca.gov](http://www.HealthHelp.ca.gov) of **1.888.466.2219**.

### *Appointment Wait Times*

Health plan members have the right to appointments within the following time frames:

Urgent Appointments	Wait Time
For services that do not require prior approval	48 hours
For services that do require prior approval	96 hours
Urgent Appointments	Wait Time
Primary care appointment	10 business days
Specialist appointment	15 business days
Appointment with a mental health care provider (who is not a physician)	10 business days
Appointment for other services to diagnose or treat a health condition	15 business days

### *Telephone Wait Times*

- You can call 24-hours-a-day, 7 days a week to talk to a qualified health professional to decide if your health problem is urgent. If someone needs to call you back, they must call you within 30 minutes. Look for the phone number on your ID card.
- If you call your plan’s customer service phone number, someone should answer the phone within 10 minutes during normal business hours.

### *Exceptions*

- The purpose of the timely access law is to make sure you get the care you need. Sometimes you need appointments even sooner than the law requires. In this case, your doctor can request that the appointment be sooner.
- Sometimes waiting longer for care is not a problem. Your provider may give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health.
- If you can’t get a timely appointment in your area because there are not enough providers, your health plan must help you get an appointment with an appropriate provider.

Please contact L.A. Care’s Nurse Advice Line at **1.800.249.3619**, 24 hours a day, 7 days a week to access triage or screening services by telephone.

# How to Get Care

---

Please read the following information so that you will know how and where to get care.

## Primary Care Physician (PCP)

Please read the following information so you will know from whom or what group of providers, health care may be obtained.

All L.A. Care Members must have a Primary Care Physician (PCP). The name and phone number of your PCP is found on your L.A. Care ID card. Except for emergency services, your PCP will arrange all your health care needs, refer you to specialists, and make hospital arrangements.

Each PCP works with a Participating Provider Group (PPG), which is another name for medical group. Each PPG works with certain specialists, hospitals, and other health care providers. The PCP you choose determines which health care providers are available to you.

## What is the difference between an Enrollee and an Enrolled Dependent?

While both are Members of L.A. Care, there's a difference between an Enrollee and an Enrolled Dependent. An Enrollee is the Member who enrolled with L.A. Care Covered *Direct*™ after being determined eligible by L.A. Care. The Enrollee pays the monthly premiums to L.A. Care for his or her health care coverage for him- or herself and any Enrolled Dependent(s). An Enrolled Dependent is someone, such as a child, whose dependent status with the Enrollee allows him or her to be a Member of L.A. Care.

**Why point out the difference?** Because Enrollees often have special responsibilities, including sharing benefit updates with any Enrolled Dependent(s). Enrollees also have special responsibilities that are noted throughout this publication. If you're an Enrollee, please pay attention to any instructions given specifically for you.

## Scheduling Appointments

**Step 1:** Call your PCP

**Step 2:** Explain why you called

**Step 3:** Ask for an appointment

Your PCP's office will tell you when to come in and how much time you will need with your PCP. (Please see the "*Summary of Benefits*" section to know which services require co-payments).

Clinic and doctor appointments are generally available Monday through Friday between 8:00 a.m. and 4:30 p.m. Evening and Saturday clinic/doctor office appointments may be available at some L.A. Care sites. Please call your PCP office to confirm his/her hours or you may check our online provider directory at [lacare.org](http://lacare.org).

If you need medical advice during clinic/doctor office hours, you may call your PCP and speak to her/him or call L.A. Care's Nurse Advice line at **1.800.249.3619**. If you need care when your PCP's office is closed (such as after normal business hours, on the weekends or holidays), call your PCP's office. Ask to speak to your PCP or to the doctor on call. A doctor will call you back.

You can also call the nurse advice line number that is on your ID card. This number is available to you 24 hours a day, seven (7) days a week, to help answer your health care questions and have your health concerns and symptoms reviewed by a registered nurse. This service is free of charge and available to you in your language. The PCP or L.A. Care nurse will answer your questions and help you decide if you need to come into the clinic/doctor's office.

For urgent care (this is when a condition, illness or injury is not-life threatening, but needs medical care right away), call or go to your nearest urgent care center. Many of L.A. Care's doctors have urgent care hours in the evening, on weekends or during holidays.

If you cannot come in for your appointment, you should call as far ahead as possible to let the clinic or doctor's office know. You can schedule another appointment at that time.

Waiting time for an appointment may be extended if the provider determines that a longer waiting time will not have a detrimental impact on your health. The rescheduling time of appointments shall be appropriate for your health care needs and shall ensure continuity of care.

L.A. Care will provide or arrange for 24 hours a day, 7 days a week, triage or screening services by telephone. Telephone triage or screening services waiting time will not exceed 30 minutes.

L.A. Care will ensure that all health providers have an answering service or answering machine during non-business hours that provide urgent or emergency care instructions to contact the on-call health provider.

## How to change your PCP

Each member of your household that is enrolled with L.A. Care Covered *Direct*<sup>™</sup> may select a different PCP. Upon enrollment, you should contact L.A. Care's Member Services Department at **1.855.270.2327 (TTY 711)** to select a PCP. If you and your Enrolled Dependent(s) did not actively select a PCP after enrolling, L.A. Care assigned a PCP to each of you based on the following criteria:

- The language you speak;
- The distance to a PCP office near your house. We try to assign you a PCP within 10 miles; and
- The PCP's specialty most appropriate for the Member's age.

If you would like to change your or your Enrolled Dependent's PCP, please call L.A. Care Member Services at **1.855.270.2327 (TTY 711)**. You may also make this change by visiting our website at **lacare.org** and do the following:

- Click on **Member Sign in**
- Click on **Change My Doctor**
- Follow the instructions to change your doctor.
- The request must be received by the 20th day of the month to be effective the first day of the next month. If the request is received after the 20th day of the month, it will be effective one month later.
- If your new PCP works with a different PPG, this may also change the hospitals, specialists, and other health care providers from whom you may receive health care.

## How to Get Information about Doctors and Specialists Who Work with L.A. Care

We are proud of our doctors and their professional training. If you have questions about the professional

qualifications of network doctors and specialists, call L.A. Care at **1.855.270.2327 (TTY 711)**.

L.A. Care can tell you about the medical school they attended, their residency, or board certification.

## Health Appraisal

When you enroll with L.A. Care Covered *Direct*<sup>™</sup>, it is important that we understand how we can be of assistance to you. Your Welcome Packet contains a form called a Health Appraisal (HA). The HA includes questions that help us to better know your health care needs and how we can be of assistance to you. The information you provide will be kept confidential and shared only with your PCP or your care team. **It is important that you complete the Health Appraisal in the first four (4) months or 120 days of becoming a L.A. Care Covered *Direct*<sup>™</sup> Member. Adults who successfully complete their HA within 120 days, may be eligible to receive a \$25 Target GiftCard®.**

You can complete your Health Appraisal online by logging into your online member account at **lacare.org**. For more information about how to complete your HA, please call Member Services at **1.855.270.2327 (TTY 711)**.

## *New Member Check Up*

It is important for new Members to get a checkup even if they are not sick. **Be sure to schedule a checkup within the first three (3) months of becoming a L.A. Care Covered *Direct*<sup>™</sup> Member. Please call your PCP today to make an appointment for a "new member checkup."** This visit is also called a "well visit" or "preventive health visit". There is no co-pay for this visit. Your PCP's telephone number is on your L.A. Care ID card.

This first visit is important. Your PCP looks at your medical history, finds out what your health status is today, and can begin any new treatment you might need. You and your PCP will also talk about preventive care. This is care that helps "prevent" you from getting sick or keeps certain conditions from getting worse. Remember, children need to get a checkup every year, even when they are not sick, to make sure they are healthy and growing properly.

## *Obstetrical/Gynecological (OB/GYN) Physician Services*

A female Member may arrange for obstetrical and/ or gynecological (OB/GYN) services by an obstetrician/ gynecologist or family practice physician who is not her designated personal physician. A referral from your PCP or from the affiliated PPG is not needed. However, the obstetrician/gynecologist or family practice physician

must be in the same PPG your PCP is in. Obstetrical and gynecological services are defined as:

- Physician services related to prenatal, perinatal, and postnatal (pregnancy) care,
- Physician services provided to diagnose and treat disorders of the female reproductive system and genitalia,
- Physician services for treatment of disorders of the breast,
- Routine annual gynecological examinations.

It is important to note that services by an OB/GYN or family practice physician outside of the PCP's medical group without authorization will not be covered under this benefit plan. Before making the appointment, you should call your PCP office or the Member Services Department at the telephone number indicated on your identification card to confirm that the OB/GYN is in the PPG. The OB/GYN physician services are separate from the specialist services described below under "*Referrals to Specialty Physicians*".

### ***Referrals and Prior Authorizations***

A referral is a request for health care services that are not usually provided by your PCP. All health care services must be approved by your PCP's PPG before you get them. This is called prior authorization. Prior authorization is required for some in-network and all out-of-network providers.

There are different types of referral requests with different timeframes as follows:

- Routine or regular referral – 5 business days
- Urgent referral – 24 to 48 hours
- Emergency referral – same day

Please call L.A. Care if you do not get a response within the above time frames.

The following services do not require a prior authorization:

- Emergency services (go to "*Emergency Care Services*" section for more information)
- Preventive health services (including immunizations)
- Obstetrician and gynecological services in-network

All health care services are reviewed, approved, or denied according to medical necessity. Call L.A. Care's Member Services Department if you would like a copy of the policies and procedures used to decide if a service is medically necessary. The number is **1.855.270.2327** (TTY 711).

Some Mental Health and Substance Use Disorder services require prior authorization, including the benefits listed below:

- Crisis Residential Program
- Inpatient Mental Health and Substance Use Hospital Services
- Inpatient non-Medical Transitional Residential Recovery Services for Mental Health and Substance Use
- Inpatient Professional (Physician) Services
- Inpatient Services to treat acute medical complications of detoxification
- Outpatient Partial Hospitalization
- Psychological Testing
- Psychiatric Observation
- Substance Use Disorder Day Treatment
- Substance Use Disorder Intensive Outpatient Treatment Programs
- Mental Health Intensive Outpatient Treatment Programs
- Substance Use Disorder Medical Treatment For Withdrawal
- Behavioral Health Treatment for Autism Spectrum Disorder (includes Aspergers, Autism, and Pervasive Development)
- Outpatient Transcranial Magnetic Stimulation
- Electroconvulsive Therapy (ECT)

The following Mental Health and Substance Use Disorder services do not require a prior authorization:

- Emergency Room Services
- Individual Therapy
- Group Therapy
- Diagnostic Evaluation
- Outpatient Medication Management
- Opioid Replacement Therapy
- Outpatient Mental Health and Substance Use Care
- Crisis Intervention

For more information on services accessible without a prior authorization and the general process for obtaining prior authorization for all other Mental Health and Substance Use Disorder services, please call the Behavioral Health Hotline at **1.877.344.2858/1.800.735.2929** TTY.

### ***Referrals to Specialty Physicians***

Specialists are doctors with training, knowledge, and practice in one area of medicine. For example, a cardiologist is a heart specialist and who has years of special training to deal with heart problems.

Your PCP will ask for prior authorization if he or she thinks you should see a specialist.

### ***Behavioral Health Services***

Behavioral Health Services includes treatment for Mental Health and Substance Use Disorder conditions. Your PCP will provide you with some Behavioral Health Services within the scope of their training and practice. When you need Behavioral Health Services beyond your PCP's training and practice you will be directed to behavioral health specialists. Your PCP or you can call the Behavioral Health Hotline at **1.877.344.2858/1.800.735.2929** TTY to get an appointment. No prior authorization is required for most outpatient Behavioral Health Services.

### ***Referral to Non-physician Providers***

You may get services from non-physician providers who work in your PCP's office. Non-physician providers may include, but are not limited to, clinical social workers, family therapists, nurse practitioners, and physician assistants.

### ***Standing Referrals***

You may have a chronic, life-threatening or disabling condition or disease such as HIV/AIDS. If so, you may need to see a specialist or qualified health care professional for a long length of time. Your PCP may suggest, or you may ask for, what is called a standing referral.

A standing referral to a specialist or qualified health care professional needs prior authorization. With a standing referral, you will not need authorization every time you want to visit the specialist or qualified health care professional. You may ask for a standing referral to a specialist that works with your PCP or with a contracted specialty care center.

The specialist or qualified health care professional will develop a treatment plan for you. The treatment plan will show how often you need to be seen. Once the treatment plan is approved, the specialist or qualified health care professional will be authorized to provide health services. The specialist will provide health services in his or her area of expertise and training and based on the treatment plan.

## **Second Opinions**

### **What is a second opinion?**

A second opinion is a visit with another doctor when you:

- Question a diagnosis, or
- Do not agree with the PCP's treatment plan, or
- Would like to confirm the treatment plan.

The second opinion must be from a qualified health care professional in L.A. Care's or your PPG's network. If there is no qualified health care professional in the network, L.A. Care or your PPG will make arrangements for one. You have the right to ask for and to get a second opinion and to ask for timeliness for making routine and urgent opinions available.

### ***What do you need to do?***

**Step 1:** Talk to your PCP or L.A. Care and let him/her know you would like to see another doctor and the reason why.

**Step 2:** Your PCP or L.A. Care will refer you to a qualified health care professional.

**Step 3:** Call the second opinion doctor to make an appointment.

If you do not agree with the second opinion, you may file a grievance with L.A. Care. Refer to the "*Grievance and Appeals*" section for more information.

## **How to Find a Pharmacy**

L.A. Care works with many pharmacies. The drugs prescribed by your PCP or specialist must be filled at one of these pharmacies. You can receive a 90-day supply of maintenance medications at certain local pharmacies. Ask your doctor to write a 90-day prescription.

### ***To find a pharmacy near you:***

Visit the L.A. Care website at **lacare.org** to find a pharmacy in your neighborhood. Click on each of the following:

- For Members
- Pharmacy Services
- Search Now in the Find a Pharmacy section

Be sure to show your L.A. Care Member ID card when you fill your prescriptions at the pharmacy.

Some medications are subject to limited distribution by the U.S. Food and Drug Administration or require special handling, provider coordination, or special education that

cannot be provided at your local pharmacy. Antineoplastic and biologic agents are examples of such specialty medications and are identified in the Formulary with a special code SP or MSP - Specialty Pharmacy Availability or Mandatory Specialty Pharmacy. You may refer to the Formulary by visiting L.A. Care's website [lacare.org](http://lacare.org) for information on whether a medication must be filled at a specialty pharmacy. Click on each of the following:

- For Members
- Pharmacy Services
- List of Covered Drugs (L.A. Care Covered Complete Formulary in the Resources section)

You may also call Member Services at **1.855.270.2327** (TTY 711).

### ***Mail Order Pharmacy***

Mail-order service allows you to get up to a 90-day supply of your maintenance medications. Maintenance medications are drugs that may need to be taken for a long-term health condition, such as high blood pressure or diabetes. To set up a mail-order **1.855.270.2327** (TTY 711) or visiting L.A. Care's website, [lacare.org](http://lacare.org). Click on each of the following:

- For Members
- Pharmacy Services
- Mail Order Pharmacy Forms

If the medication(s) has no refill(s) remaining, you will need to obtain a new prescription from your doctor or other prescriber. This is an optional and free service to members. Some medications require special handling and require that they be processed and mailed to you by an L.A. Care contracted specialty pharmacy.

### ***What drugs are covered?***

L.A. Care uses an approved list of drugs called the Formulary to make sure that the most appropriate, safe, and effective prescription medications are available to you. L.A. Care covers all medically necessary drugs on the Formulary if your doctor or other prescriber says you need them to get better or stay healthy, and you fill the prescription at a L.A. Care network pharmacy. Drugs that are not on the Formulary require that your doctor or other prescriber get approval before you fill the prescription. Please refer to the section Non-Formulary Drugs. The Formulary is reviewed and approved by a committee of physicians and pharmacists on a quarterly basis and includes generic, brand name, and specialty drugs covered under the prescription drug benefit. You can view the Formulary on L.A. Care's website, [lacare.org](http://lacare.org), and:

- Click on **For Members**
- Click on **Pharmacy Center**
- Click on Formulary in the Member Materials section

You can also call L.A. Care Member Services at **1.855.270.2327** (TTY 711) to ask for a copy of the formulary. You may also request a copy of the formulary in your preferred language or alternate format such as large print or audio.

### **Pharmacy Co-Payments**

L.A. Care covers generic, brand name, and specialty drugs. You are responsible for a co-payment for each drug filled at the pharmacy. The amount of your co-payment depends on the drug category and/or Tier indicated on the formulary (example: Tier 1, 2, 3, 4) and your benefit plan (example: Gold, Silver or Bronze). Please refer to the "*Summary of Benefits*" for pharmacy co-payments, deductibles, integrated deductibles and/or out-of-pocket limits that may apply.

#### ***The L.A. Care formulary includes:***

- Approved prescription drugs
- Diabetic supplies: insulin, insulin syringes, glucose test strips, lancets and lancet puncture devices, EpiPens, and Anakits
- Inhaler spacers and extender devices
- Emergency Contraceptive Drugs: You may get emergency contraceptive drugs from your doctor or pharmacy with a prescription from your doctor. You may also get emergency contraceptive drugs from a certified pharmacist without a prescription.

For information on pharmacies offering emergency contraceptive drugs from certified pharmacists without a prescription, please call L.A. Care Member Services at **1.855.270.2327** (TTY 711).

Emergency contraceptive drugs are covered also when you receive emergency care services. You may receive emergency care services from doctors, hospitals, pharmacies or other health care professionals whether or not they are contracted with L.A. Care.

#### ***Non-formulary drugs***

Sometimes, doctors may prescribe a drug that is not on the formulary. This will require that the doctor get authorization from L.A. Care. To decide if the non-formulary drug will be covered, L.A. Care may ask the doctor and/or pharmacist

for more information. L.A. Care will reply to the doctor and/or pharmacist within 24 hours or one business day after getting the requested medical information.

The doctor or pharmacist will let you know if the drug is approved. After approval, you can get the drug at a Plan Pharmacy, refer to the “How to Find a Pharmacy” section.

If the non-formulary drug is denied, you have the right to appeal. Please refer to the “Grievance and Appeals” section for more information.

### ***Restrictions or Special Rules***

Some drugs have coverage rules or have limits on the amount you can get. In some cases your doctor or other prescriber must do something before you can fill the prescription. For example:

***Prior approval (or prior authorization):*** For some drugs, your doctor or other prescriber must get approval from L.A. Care before you fill your prescription. If you do not get approval, L.A. Care may not cover the drug.

***Quantity limits:*** For your safety, L.A. Care may limit the amount of some drugs you can get per prescription, or limit the number of times you can refill some drugs. If your doctor or other prescriber thinks that the limited amount is not enough for your medical condition, then an exception to the quantity limits rule can be requested.

***Step Therapy:*** Some drugs have a special rule called step therapy. This means that you must first try another drug on the formulary before the prescribed drug is covered. If your doctor or other prescriber thinks that the first drug does not work for you, then an exception to the step therapy rule can be requested.

***Exceptions to Coverage:*** Requests to make an exception to a quantity limits or step therapy rule or for coverage of a non-formulary drug, can be submitted by your doctor or other prescriber in the form of a prior authorization. A decision for approval or denial of the exception request can be made within 24 hours if the request is urgent or within 72 hours if the request is not urgent. If you are not satisfied with the exception-to-coverage decision, you have the right to appeal the decision with L.A. Care Health Plan or file a grievance with 3 different reviewers: 1) L.A. Care Health Plan, 2) an external reviewer and 3) an independent medical reviewer at the Department of Managed Care. Please refer to the “Grievance and Appeals” section for more information.

## Emergency and Urgent Care Services

### ***Urgent Care Services***

There is a difference between needing care urgently and an emergency. Urgent care is when a condition, illness or injury is not life-threatening, but needs medical care right away. Many of L.A. Care’s doctors have urgent care hours in the evening and on weekends.

### ***How to get urgent care***

1. Call your PCP doctor. You may speak to an operator who answers calls for your PCP doctor’s office when closed (like after normal business hours, on the weekends or holidays).
2. Ask to speak to your PCP doctor or the doctor on call. A doctor will call you back. If your PCP doctor is not available, another doctor may answer your call. A doctor is available by phone 24 hours a day, 7 days a week, and also on the weekends and holidays.
3. Tell them about your condition and follow their instructions.

If you are outside of Los Angeles County, you do not need to call your PCP doctor or get prior authorization before getting urgent care services. Be sure to let your PCP doctor know about this care. You may need follow-up care from your PCP doctor.

### ***Emergency services***

Emergency services are covered 24-hours a day, 7 days a week, anywhere. Emergency care is a service that a member reasonably believes is necessary to stop or relieve:

- A serious illness or symptom,
- An injury, severe pain, or active labor,
- A condition that needs immediate diagnosis and treatment

Emergency services and care include ambulance, medical screening, exam and evaluation by a doctor or appropriate personnel. Emergency services include both physical and psychiatric emergency conditions, and active labor.

Examples of emergencies include but are not limited to:

- Having trouble breathing
- Seizures (convulsions)
- Lots of bleeding
- Unconsciousness/blackouts (will not wake up)
- In a lot of pain (including chest pain)
- Swallowing of poison or medicine overdose
- Broken bones
- Head injury
- Eye injury
- Thoughts or actions about hurting yourself or someone else

**If you think you have a health emergency, call 911. You are not required to call your doctor before you go to the emergency room. Do not use the emergency room for routine health care.**

***What to do in an emergency:***

Call 911 or go to the nearest emergency room if you have an emergency. Emergency care is covered at all times and in all places.

***What to do if you are not sure if you have an emergency:***

If you are not sure whether you have an emergency or require urgent care, please contact L.A. Care's Nurse Advice Line at **1.800.249.3619** to access triage or screening services, 24 hours per day, 7 days per week.

***Post Stabilization and Follow-up Care After an Emergency***

Once your emergency medical condition has been treated at a hospital and an emergency no longer exists because your condition is stabilized, the doctor who is treating you may want you to stay in the hospital for a while longer before you can safely leave the hospital. The services you receive after an emergency condition is stabilized are called "post-stabilization services."

If the hospital where you received emergency services is not part of L.A. Care's contracted network ("non-contracted hospital"), the non-contracted hospital will contact L.A. Care to get approval for you to stay in the non-contracted hospital.

If L.A. Care approves your continued stay in the non-contracted hospital, you will only be responsible for the Member's cost-sharing portion of the hospital stay, subject to the applicable Deductible. Please note, however, that if any cost sharing is based on a percentage of billed charges, the cost is generally higher at non-contracted hospitals. If L.A. Care has notified the non-contracting hospital that you can safely be moved to one of L.A. Care's contracted hospitals, L.A. Care will arrange and pay for you to be moved from the non-contracted hospital to a contracted hospital.

If L.A. Care determines that you can be safely transferred to a contracted hospital, and you, your spouse or legal guardian do not agree to you being transferred, the non-contracted hospital must give you, your spouse or legal guardian a written notice stating that you will have to pay for all of the cost for post-stabilization services provided to you at the non-contracted hospital after your emergency condition is stabilized. Also, you may have to pay for

services if the non-contracted hospital cannot find out what your name is and cannot get L.A. Care's contact information to ask for approval to provide services once you are stable.

**If you feel that you were improperly billed for post-stabilization services that you received from a non-contracted hospital, please contact the L.A. Care Member Services at 1.855.270.2327 (TTY 711).**

## Non-Qualified Services

Non-qualified services are any non-emergency services received in the emergency room. L.A. Care will review all emergency room services provided to Members based on the prudent lay person's definition of emergency services. The Member must pay for the cost of any non-qualified services. (Please refer to the "Emergency Services" section for more information.)

## Continuity of Care

### ***Continuity of Care by a Terminated Provider***

Members who are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; or who are children from birth to 36 months of age; or who have received authorization from a now terminated provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a provider who is leaving the L.A. Care Covered Direct™ provider network. Contact Member Services to receive information regarding eligibility criteria and assistance with requesting continuity of care from a terminated provider.

### ***Continuity of Care for New Members by Non-Contracting Providers***

Newly covered Members who are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; or who are children from birth to 36 months of age; or who have received authorization from a provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a non-contracting provider who was providing services to the Member at the time the Member's L.A. Care Covered Direct™ coverage became effective. Contact Member Services to receive information regarding eligibility criteria and assistance with requesting continuity of care from a non-contracting provider.

Filing a grievance does not affect your medical benefits. If you file a grievance you may be able to continue a medical service while the grievance is being resolved. To find out more about continuing a medical service, call L.A. Care.

### ***If you do not agree with the outcome of your grievance***

If you do not hear from L.A. Care within 30 calendar days, or you do not agree with the decision about your grievance, you may file a grievance with the Department of Managed Health Care (DMHC). For information on how to file a grievance with DMHC, go to "Review by the Department of Managed Health Care (DMHC)" section.

### ***How to file a grievance for health care services denied or delayed as not medically necessary***

If you believe a health care service has been wrongly denied, changed, or delayed by L.A. Care because it was found not medically necessary, you may file a grievance. This is known as a disputed health care service.

Within five calendar days of receiving your grievance, you will get a letter from L.A. Care saying we have received your grievance and that we are working on it. The letter will also let you know the name of the person working on your grievance. Then, within 30 calendar days you will receive a letter explaining how the grievance was resolved.

Filing a grievance does not affect your medical benefits. If you file a grievance you may be able to continue a medical service while the grievance is being resolved. To find out more about continuing a medical service, call L.A. Care.

If you do not hear from L.A. Care within 30 calendar days, or you do not agree with the decision about your grievance, you may file a grievance with the Department of Managed Health Care (DMHC). For information on how to file a grievance with DMHC, go to “*Review by the Department of Managed Health Care (DMHC)*” section.

**How to File a Grievance for Urgent Cases**

Examples of urgent cases include:

- Severe pain
- Potential loss of life, limb or major bodily function
- Immediate and serious deterioration of your health

In urgent cases, you can request an “expedited review” of your grievance. You will receive a call and/or a letter about your grievance within 24 hours. A decision will be made by L.A. Care within three calendar days (or 72 hours) from the day your grievance was received.

You have the right to file an urgent grievance with DMHC without filing a grievance with L.A. Care. For information on how to file a grievance with DMHC, go to “*Review by the Department of Managed Health Care (DMHC)*” section.

***How to file a grievance to appeal a prescription drug prior authorization decision***

If you do not agree with the outcome of an exception-to-coverage decision, you, a representative, or your provider have the right to appeal the decision. You, a representative, or your provider may also request that the exception-to-coverage request be re-assessed by an external reviewer through an *Independent Review Organization (IRO)*. You, a representative, or your provider may also request that the exception-to-coverage decision be re-assessed by the Department of Managed Health Care (DMHC) through an *Independent Medical Review (IMR)*. Please refer to the section Independent Medical Review. You will receive information on how to file an appeal, external review, and/or an IMR with your denial letter.

**Independent Medical Review**

You may request an Independent Medical Review (IMR) from DMHC. You have up to six months from the date of denial to file an IMR. You will receive information on how to file an IMR with your denial letter. Grievance Resolution

letters also include information about requesting an IMR and a copy of the IMR Request form/envelope addressed to the DMHC will be attached to the Grievance Resolution letter. You may reach DMHC toll-free at **1.888.HMO.2219** or **1.888.466.2219**.

There are no fees for an IMR. You have the right to provide information to support your request for an IMR. After the IMR application is submitted, a decision not to take part in the IMR process may cause you to lose certain legal rights to pursue legal action against the plan.

***When to File an Independent Medical Review (IMR)***

You may file an IMR if you meet the following requirements:

- Your doctor says you need a health care service because it is medically necessary and it is denied; or
- You received urgent or emergency services determined to be necessary and they were denied; or
- You have seen a network doctor for the diagnosis or treatment of the medical condition, even if the health care services were not recommended.
- The disputed health care service is denied, changed or delayed by L.A. Care based in whole or in part on a decision that the health care service is not medically necessary, and/or

The dispute will be submitted to a DMHC medical specialist if it is eligible for an IMR. The specialist will make an independent decision on whether or not the care is medically necessary. You will receive a copy of the IMR decision from DMHC. If it is decided that the service is medically necessary, L.A. Care will provide the health care service.

***Non-urgent cases***

For non-urgent cases, the IMR decision must be made within 30 days. The 30-day period starts when your application and all documents are received by DMHC.

***Urgent cases***

If your grievance is urgent and requires fast review, you may bring it to DMHC’s attention right away. You will not be required to participate in the health plan grievance process.

For urgent cases, the IMR decision must be made within three calendar days from the time your information is received.

Examples of urgent cases include:

- Severe pain
- Potential loss of life, limb or major bodily function
- Immediate and serious deterioration of your health

### ***Independent Medical Review for Denials of Experimental/ Investigational Therapies***

You may also be entitled to an IMR, through the Department of Managed Health Care, when we deny coverage for treatment we have determined to be experimental or investigational.

- We will notify you in writing of the opportunity to request an IMR of a decision denying an experimental/ investigational therapy within five (5) business days of the decision to deny coverage.
- You are not required to participate in L.A. Care's grievance process prior to seeking an IMR of our decision to deny coverage of an experimental/ investigational therapy.
- If a physician indicates that the proposed therapy would be significantly less effective if not promptly initiated, the IMR decision shall be rendered within seven (7) days of the completed request for an expedited review.

### **Review by the Department of Managed Health Care**

The California Department of Managed Health Care (DMHC) is responsible for regulating health care service plans. If you have a grievance against L.A. Care, you should first telephone L.A. Care at **1.855.270.2327** (TTY for the deaf and hard of hearing at **711**) and use L.A. Care's grievance process before contacting the DMHC. Using this grievance procedure does not prohibit any legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by L.A. Care, or a grievance that has remained unresolved for more than 30 days, you may call the DMHC for assistance. You may also be eligible for an IMR. If you are eligible for an IMR, the IMR process will provide an impartial view of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature, and payment disputes for emergency and urgent medical services. The Department of Managed Health Care has a toll-free telephone, **1-888-HMO-2219**, to receive complaints regarding health plans. The hearing and

speech impaired may use the department's TTY/TDD line (**1-877-688-9891**) to contact DMHC. DMHC's internet website ([www.hmohelp.ca.gov](http://www.hmohelp.ca.gov)) has complaint forms, IMR application forms and instructions online.

L.A. Care's grievance process and DMHC's complaint review process are in addition to any other dispute resolution procedures that may be available to you, and your failure to use these processes does not preclude your use of any other remedy provided by law.

L.A. Care will help you with interpreter services if you speak a language other than English. You may use the toll-free TTY numbers listed under "*How to File a Grievance*" if you are a non-hearing Member. With your written consent, your doctor may also file an appeal on your behalf.

# Payment Responsibilities

---

## What are Premiums (Prepayment Fees)?

Premiums are monthly fees an Enrollee pays to cover the basic costs of the health care package for himself or herself and any Enrolled Dependent(s). An Enrollee must pay the health plan premiums directly to L.A. Care when due.

## Monthly Premiums

Your monthly premium is based on the following factors: 1) the benefit plan you selected (Silver, Gold, etc) and; 2) your age and where you reside.

Once you are enrolled in L.A. Care Covered *Direct*<sup>™</sup>, you will receive a monthly premium bill in the mail or via e-mail, if you prefer. To receive your bill notification through e-mail, you must first create an online payment account and select the paperless billing option. Please visit [lacare.org](http://lacare.org) to learn more about how to make your premium payments. Your payment will be due to L.A. Care on or before the twenty-sixth (26<sup>th</sup>) of each month to commence coverage as of the first (1st) day of the following month. If your first premium payment is not received by the 1st of the month for coverage in the same month, your payment will be considered past due and you will be sent a cancellation notice (example: if we do not receive payment by February 1st for coverage beginning February 1st). Please refer to the “*Cancellation by L.A. Care for Nonpayment of Dues*” section below for more information.

L.A. Care offers a variety of options and methods by which you may pay your monthly premium. Please call our Member Services Department at **1.855.270.2327** (TTY 711) to discuss these options or visit our website at [lacare.org](http://lacare.org).

Payments can also be made via U.S. mail by cashier's check, money order, or a personal check to the address below. Make your premium payments payable to:

## L.A. Care Health Plan.

L.A. Care Health Plan  
P.O. Box 740158  
Los Angeles, CA 90074-0158

L.A. Care will not increase your premium during Calendar Year 2016 unless you change plans and/or report a demographic change which may affect your eligibility and premium amount.

**Important:** If your address changes, or if you would prefer to receive your premium statements via e-mail, please notify L.A. Care immediately by calling our Member Services Department at **1.855.270.2327** (TTY 711).

## What are Co-payments (Other Charges)?

Aside from the monthly premium, you may be responsible for paying a charge when you receive a covered service. This charge is called a co-payment and is outlined in the Summary of Benefits. If you review your Summary of Benefits, you'll see that the amount of the co-payment depends on the service you receive. An Enrollee must always be prepared to pay the co-payment during a visit to the Enrollee's PCP, Specialist, or any other provider.

**Note: Co-payments are not required for preventive care services, prenatal care or for pre-conception visits.** Preventive care includes, but is not limited to:

- Immunizations
- Well-child visits
- Please see the Exclusions and Limitations section in this Member Handbook for more information regarding what services are covered at no charge or call our Member Services Department at **1.855.270.2327** (TTY 711).

## Cost Sharing

### *General rules, examples, and exceptions*

The cost sharing is the amount you are required to pay for a covered service, for example: the deductible, co-payment, or coinsurance. Your cost sharing for covered services will be the cost sharing in effect on the date you receive the services, except as follows:

- If you are receiving covered inpatient hospital or Skilled Nursing Facility Services on the effective date of this *Subscriber Agreement & Member Handbook*, you pay the cost sharing in effect on your admission date until you are discharged if the services were covered under your prior Health Plan coverage and there has been no break in coverage. However, if the services were not covered under your prior Health Plan coverage, or if there has been a break in coverage, you pay the cost sharing in effect on the date you receive the services.
- For items ordered in advance, you pay the cost sharing in effect on the order date (although we will not cover the item unless you still have coverage for it on the date you receive it) and you may be required to pay the cost sharing when the item is ordered. For outpatient prescription drugs, the order date is the date that the pharmacy processes the order after receiving all of the information they need to fill the prescription group.

### *Receiving a bill*

In most cases, we will ask you to make a payment toward your cost sharing at the time you check in. Keep in mind that this payment may cover only a portion of the total cost sharing for the covered services you receive. The provider of service will bill you for any additional cost sharing amounts that are due. The following are examples of when you may get a bill:

- You receive services during your visit that were not scheduled when you made your payment at check-in. For example, if you are scheduled to receive treatment for an existing condition, at check-in we will ask you to pay the cost sharing that applies to these services. If during your visit your provider finds another problem with your health, your provider may perform or order additional unscheduled services, such as lab test or other diagnostic tests. You may have to pay separate cost sharing amounts for each of these additional unscheduled services, in addition to the cost sharing amount you paid at check-in for the treatment of your existing condition.

- You receive services from a second provider during your visit that were not scheduled when you made your payment at check-in. For example, if you are scheduled to receive a diagnostic exam, at check-in we will ask you to pay the cost sharing that applies to these services. If during your diagnostic exam your provider confirms a problem with your health, your provider may request the assistance of another provider to perform additional unscheduled services (such as an outpatient procedure). You may have to pay separate cost sharing amounts for the unscheduled services of the second provider, in addition to the cost sharing amount you paid at check-in for your diagnostic exam.
- You go in for Preventive Care Services and receive non-preventive services during your visit that were not scheduled when you made your payment at check-in. For example, if you go in for a routine physical maintenance exam, at check-in we will ask you to pay the cost sharing that applies to these services (the cost sharing may be “no charge”). If during your routine physical maintenance exam your provider finds a problem with your health, your provider may order non-preventive services to diagnose your problem (such as laboratory tests). You may have to pay separate cost sharing amounts for the non-preventive services performed to diagnose your problem, in addition to the cost sharing amount you paid at check-in for your routine physical maintenance exam.
- If you receive covered services from a health facility within L.A. Care’s provider network, but the covered services are provided by an individual health professional outside of our network:
- Your cost shares for covered services that you receive outside L.A. Care’s provider network will not exceed the cost sharing that you would pay for the same covered services received within L.A. Care’s provider network.

## The Annual Deductible

The annual deductible is the amount that you must pay during the calendar year for certain covered services before L.A. Care will cover those services at the applicable co-payment or co-insurance in that calendar year. The deductible is based on L.A. Care’s contracted rates with its participating providers and applies to certain service categories as defined in the “*Summary of Benefits*”. A Member who has Enrolled Dependent(s) must satisfy the lower individual deductible amount, but the deductibles

paid by each of the Enrolled Dependent(s) are added together to satisfy the family deductible for all Members in the family. For example, if the deductible for one individual is \$2,000 and the deductible for a family of two or more is \$4,000, and if you had spent \$2,000 for services subject to the deductible, then you will not have to pay any cost sharing during the rest of the calendar year. However, your Enrolled Dependents will have to continue paying the cost sharing during the calendar year until your family reaches the \$4,000 family deductible.

### Annual Out-of-Pocket Maximum

The annual out-of-pocket maximum (also called the “Out-of-Pocket limit”) is the highest amount you or your family (if you have Enrolled Dependent(s) receiving health coverage) are/is required to pay during one benefit year. The benefit year for L.A. Care Covered **Direct**™ Members starts January 1st and ends December 31st. Please refer to the Summary of Benefits for your “Out-of-Pocket limit on expenses.”

#### ***Payments that count toward the maximum***

Any cost sharing payments you make for in-network services accumulate toward the maximum out-of-pocket expense. Any amounts you pay for covered services that are subject to the deductible, also apply towards the annual out-of-pocket maximum.

#### ***Keeping track of the maximum***

**Step 1:** We will keep track of your out-of-pocket payments, as reported to us by your providers of health care. However, because there are delays in reporting visits and payments, please request and save all receipts for payments you make to your health care providers for covered services.

**Step 2:** If you believe you have already met your annual out-of-pocket maximum for the current calendar year, please make a copy of your receipts, save the copy for your records, and send the originals to:

L.A. Care Health Plan  
Attn: Member Services  
1055 W. 7th Street, 10th Floor  
Los Angeles, CA 90017

### Member Maximum Lifetime Benefits

### Member Liability

Members are only eligible to receive health care services that are covered services in the Qualified Health Plan (QHP) for Individuals and Families. Members are only able to get covered services as described in this Member Agreement & Handbook. If you have any questions about what are covered services, please call L.A. Care Member Services at **1.855.270.2327** (TTY 711).

#### ***Termination of Benefits***

An Enrollee will be disenrolled from L.A. Care Covered **Direct**™ for the following reasons:

- The Enrollee fails to pay premiums upon due date
- The Enrollee moves out of Los Angeles County
- The Enrollee requests transfer to another QHP
- The death of the Enrollee

### Request to Terminate Upon Written Notice

L.A. Care may terminate Enrollee’s coverage for the following reasons:

- Fraud or deception in obtaining, or attempting to obtain, benefits under this Plan; and
- Knowingly permitting fraud or deception by another person in connection with this Plan, such as, without limitation, permitting someone else to seek benefits under this Plan, or improperly seeking payment from L.A. Care for benefits provided.

Cancellation of coverage under this Section will terminate effective upon mailing the notice of termination to the Enrollee.

Under no circumstances will an Enrollee be terminated due to health status or the need for health care services. Any Enrollee who believes his or her enrollment has been terminated due to the Enrollee's health status or requirements for health care services may request a review of the termination by the California Department of Managed Health Care. For more information contact our Member Services Department at **1.855.270.2327** (TTY 711) .

***Termination due to withdrawal of this Benefit Plan:***

L.A. Care may terminate this Benefit Plan. In such instances you will be given 90 days written notice and the opportunity to enroll in any other individual and family benefit plan without regard to health status-related factors.

**Written Notice of Termination**

When a written notice of termination or non-renewal is sent to the Enrollee pursuant to this section, it shall be dated, sent to the last-known address of the Enrollee and state:

- a. The cause of termination or non-renewal with specific reference to the section of this *Subscriber Agreement & Member Handbook* giving rise to the right of termination or non-renewal;
- b. That the cause for termination or non-renewal was not the Enrollee's health status or requirements for health care services;
- c. The effective date and time of termination or non-renewal; and
- d. That notwithstanding the Member Appeals (Grievance) procedure set forth in this *Subscriber Agreement & Member Handbook*, if Enrollee believes that his or her Health Plan membership has been terminated because of his or her health status or requirements for health care services, Enrollee may request a review before the Director of the Department of Managed Health Care for the State of California.

**NOTE:** *If an Enrollee is terminated by L.A. Care, notice to the Enrollee is sufficient if sent to Enrollees' last known address.*

***Termination by L.A. Care for Nonpayment of Dues:***

L.A. Care may terminate your coverage for failure to pay the required premium when due. If your coverage is being terminated because you failed to pay the required premium, then coverage will end 30 days after the date for which the premium is due. We will send you written notice of the termination at least 30 days before the termination date. You will be liable for all premiums accrued while coverage under this Benefit Plan continues in force including those accrued during this 30 day grace period. The Notice Confirming Termination of Coverage will inform you of the following:

- a. That your coverage has been terminated, and the reasons for cancellation;
- b. The specific date and time when coverage for you and all your Enrolled Dependent(s) ended; and
- c. Your right to request review of the termination. The notice will also inform you that if you believe that your or your Dependent(s)' health plan enrollment has been improperly cancelled, you may request a review from the Director of the Department of Managed Health Care (DMHC). All contact information for the DMHC will be included in the letter.

***Disenrollment and Cancellation***

If you would like to be disenrolled from L.A. Care Covered **Direct™**, please contact L.A. Care Member Services at **1.855.270.2327** (TTY 711). L.A. Care Health Plan will automatically calculate any over-payments and refund you. You may also contact Member Services to obtain a Request for Reimbursement Form.

***Cancellation by L.A. Care for Nonpayment of Dues***

You will be responsible for paying your first premium payment in order to become a Member and begin using your health benefits. If you do not send us your first premium payment by the due date, your coverage will be cancelled. You will receive a notice in the mail letting you know that your coverage has been cancelled due to non-payment of the first premium payment. If your coverage is cancelled during the open enrollment period, you will be able to apply again. If your coverage is cancelled after the open enrollment period closes, you will be able to apply for coverage if you experience a qualifying life event as described in this *Subscriber Agreement & Member Handbook*.

## Emergency Care Services

L.A. Care covers emergency care services 24 hours a day, 7 days a week. Emergency room visits are covered and the co-pay, if applicable, is waived if you are admitted to the hospital. Emergency care services are medically necessary covered services, including ambulance and mental health services, which a prudent layperson in good faith, would have considered necessary to stop or relieve:

- A serious illness or symptom,
- An injury, severe pain, or active labor,
- A condition that needs immediate diagnosis and treatment

Emergency services include a medical screening, exam, and evaluation by a doctor or other appropriate personnel. Emergency services also include both physical and mental emergency conditions.

Examples of some emergencies include, but are not limited to:

- Breathing problems
- Seizures (convulsions)
- Extreme bleeding
- Unconsciousness/blackouts (will not wake up)
- Severe pain (including chest pain)
- Swallowing of poison or medicine overdose
- Broken bones

Non-emergency services given after the medical screening exam and the services needed to stabilize the condition, require that the provider get an authorization from L.A. Care.

Your PCP must provide the follow-up care for emergency services. You will be reimbursed for all charges paid by you for covered emergency services, including medical transportation services, provided by non-participating providers.

### ***Emergency Services Out of the Service Area***

If an emergency occurs while out of the service area, you may receive emergency services at the nearest emergency facility (doctor, clinic or hospital). You must report such services to L.A. Care within 48 hours, or as soon capable. Any treatment given that is not authorized by your PCP or L.A. Care, and which is later determined by L.A. Care not to be for emergency services, as defined in this handbook, will not be covered.

### ***Post Stabilization and Follow-up Care After an Emergency***

Once your emergency medical condition has been treated at a hospital and an emergency no longer exists because your condition is stabilized, the doctor who is treating you may want you to stay in the hospital for a while longer before you can safely leave the hospital. The services you receive after an emergency condition is stabilized are called “post-stabilization services.”

If the hospital where you received emergency services is not part of L.A. Care’s contracted network (“non-contracted hospital”), the non-contracted hospital will

contact L.A. Care to get approval for you to stay in the non-contracted hospital. If L.A. Care approves your continued stay in the non-contracted hospital, you will not have to pay for services.

If L.A. Care has notified the non-contracting hospital that you can safely be moved to one of L.A. Care's contracted hospitals, L.A. Care will arrange and pay for you to be moved from the non-contracted hospital to a contracted hospital.

If L.A. Care determines that you can be safely transferred to a contracted hospital, and you, your spouse or legal guardian do not agree to you being transferred, the non-contracted hospital must give you, your spouse or legal guardian a written notice stating that you will have to pay for all of the cost for post-stabilization services provided to you at the non-contracted hospital after your emergency condition is stabilized.

Also, you may have to pay for services if the non-contracted hospital cannot find out what your name is and cannot get L.A. Care's contact information to ask for approval to provide services once you are stable.

If you feel that you were improperly billed for post-stabilization services that you received from a non-contracted hospital, please contact the L.A. Care Member Services at **1.855.270.2327** (TTY 711)

Services are limited to those authorized by L.A. If a service can be provided in more than one location, L.A. Care will work with the provider to choose the location.

Note: If a visit by a nurse, medical social worker, or physical, occupational, or speech therapist lasts longer than 2 hours, then each additional increment of 2 hours counts as a separate visit. If a visit by a home health aide lasts longer than 3 hours, then each additional increment of 3 hours counts as a separate visit. For example, if a nurse comes to your home for 2 hours and then leaves, that counts as 2 visits. Also, each person providing services counts toward these visit limits. For example, if a home health aide and a nurse are both at your home during the same 2 hours that counts as two visits.

## California Children’s Services (CCS)

Children needing specialized medical care may be eligible for the California Children’s Services (CCS) program.

CCS is a California medical program that treats children with certain physical conditions and who need specialized medical care. This program is available to all children in California whose families meet certain medical, financial and residential eligibility requirements. Services provided through the CCS program are coordinated by the local county CCS office.

If a member’s PCP suspects or identifies a possible CCS eligible condition, he/she may refer the member to the local county CCS program. The CCS program (local or

the CCS Regional Office) will determine if the member’s condition is eligible for CCS services.

If determined to be eligible for CCS services, a L.A. Care Covered **Direct**™ Member continues to stay enrolled in the QHP product. He or she will be referred and should receive treatment for the CCS eligible condition through the specialized network of CCS providers and/or CCS approved specialty centers. These CCS providers and specialty centers are highly trained to treat CCS eligible conditions. L.A. Care will continue to provide primary care and prevention services that are not related to the CCS eligible conditions, as described in this document. L.A. Care will also work with the CCS program to coordinate care provided by both the CCS program and the plan. L.A. Care will continue to provide all other medical services not related to CCS diagnosis.

The CCS office must verify residential status for each child in the CCS program. If your child is referred to the CCS program, you will be asked to complete a short application to verify residential status, financial eligibility and ensure coordination of your child’s care after the referral has been made.

Additional information about the CCS program can be obtained by calling the Los Angeles County CCS program at **1.800.288.4584** for more information.

Providers are sometimes rewarded for providing quality care to L.A. Care members. If you have any questions, please call L.A. Care.

L.A. Care works with a large number of providers to provide health care services to its members. Most of the doctors are organized into groups (also known as a Participating Provider Groups (PPG) or medical group). PPGs cannot, except for collection of co-payments, seek payment from members.

Care regularly credentials the doctors who provide services to members, L.A. Care does not, itself, provide these services. As such, L.A. Care is not responsible for the actions or omissions of any person who does provide these services to members. This includes any doctor, hospital, or other provider or their employees.

## Review by the Department of Managed Health Care (DMHC)

A member may ask for a review by the DMHC if L.A. Care cancels or refuses to renew a member's enrollment, and the member feels that it was due to reasons of health or use of benefits.

## Third Party Liability

L.A. Care will provide covered services where an injury or illness is caused by a third party. The term "third party" includes insurance companies, individuals, or government agencies. Under California state law, L.A. Care or the PPG may assert a lien on any payment or right to payment, which you have or may have received as a result of a third party injury or illness. The amount of this lien claim may include:

- Reasonable and true costs paid for health care services given to you, and
- An additional amount under California state law.

As a member, you also agree to assist L.A. Care in recovering payments for services provided. This may require you to sign or provide documents needed to protect the rights of L.A. Care.

## New Technology

L.A. Care follows changes and advances in health care. We study new treatments, medicines, procedures, and devices. We call all of this “new technology.” We review scientific reports and information from the government and medical specialists. Then we decide whether to cover the new technology. Members and providers may ask L.A. Care to review new technology.

## Natural Disasters, Interruptions, Limitations

In the unfortunate event of a major disaster, epidemic, war, riot, civil insurrection or complete or partial destruction of facilities, our participating medical groups and hospitals will do their best to provide the services you need. Important Questions	Answers	Why this Matters:
What is the overall deductible?	\$0	You must pay all the costs up to the <b>deductible</b> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <b>deductible</b> starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the <b>deductible</b> .
Are there other deductibles for specific services?	No	You must pay all of the costs for these services up to the specific <b>deductible</b> amount before this plan begins to pay for these services.
Is there an <u>out-of-pocket limit</u> on my expenses?	Yes. For participating providers <b>\$3,350</b> person / <b>\$6,700</b> family.	The <b>out-of-pocket limit</b> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the <u>out-of-pocket limit</u> ?	Premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <b>out-of-pocket limit</b> .
Is there an overall annual limit on what the plan pays?	No.	The chart starting on page 2 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.
Does this plan use a <u>network of providers</u> ?	Yes. For a list of contracted providers, please see <a href="http://lacare.org">lacare.org</a> or call 1-855-270-2327	If you use an in-network doctor or other health care <b>provider</b> , this plan will pay some or all of the costs of covered services. In some cases, a non-plan provider may provide covered services at an in-network facility where you have been authorized to receive care. You are not responsible for any amounts beyond your cost share for the covered services you receive at plan facilities or at in-network facilities where we have authorized you to receive care. Plans use the term in-network, <b>preferred</b> , or participating for <b>providers</b> in their <b>network</b> . See the chart starting on page 2 for how this plan pays different kinds of <b>providers</b> .

Do I need a referral to see a <b>specialist</b> ?	Yes. Your Primary Care Physician (PCP) has to refer you.	This <b>plan</b> will pay some or all of the costs to see a <b>specialist</b> for covered services but only if you have the plan’s permission before you see the specialist.
Are there services this plan doesn’t cover?	Yes.	Some of the services this plan doesn’t cover are listed on page 6. See your policy or plan document for additional information about <b>excluded services</b> .

- **Co-payments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan’s **allowed amount** for an overnight hospital stay is \$1,000, your **coinsurance** payment of 20% would be \$200.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.) In some cases, a non-plan provider may provide covered services at an in-network facility where you have been authorized to receive care. You are not responsible for any amounts beyond your cost share for the covered services you receive at plan facilities or at in-network facilities where we have authorized you to receive care.
- This plan may encourage you to use network **providers** by charging you lower **co-payments** and **coinsurance** amounts.

## Questions and answers about the Coverage Examples:

### What are some of the assumptions behind the Coverage Examples?

- Costs don't include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers.

### What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, co-payments, and coinsurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

### Does the Coverage Example predict my own care needs?

✗ No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

### Does the Coverage Example predict my future expenses?

✗ No. Coverage Examples are not cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

### Can I use Coverage Examples to compare plans?

✓ Yes. When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

### Are there other costs I should consider when comparing plans?

✓ Yes. An important cost is the premium you pay. Generally, the lower your
