RE: REMINDER: Fire Recovery Resources and Support Event for L.A. Care Providers and Staff

Dear Healthcare Partners,

The devastating Palisades and Eaton fires have significantly impacted our community, destroying nearly 50,000 acres and 15,000 structures while severely disrupting essential services including healthcare delivery and infrastructure. The Los Angeles County Medical Association (LACMA) reports that hundreds of healthcare professionals, including physicians, advanced practice clinicians, and their staff, have been displaced by these disasters.

To support our medical community, LACMA has developed a comprehensive online resource toolkit (ladocs.org), available to both LACMA members and non-members. This toolkit provides essential information on practice rebuilding, sustainability strategies, patient communications, and additional recovery resources.

The event is completely free, including parking, childcare, food, and beverages.

Fire Recovery and Resource Fair Details:

Date: Sunday, February 23rd, 2025

Let Us Help

If you or your staff have been affected by the fires and would like support, please RSVP at www.ladocs.org. For questions about resources, event details, or additional needs not addressed at the February 23rd event, please contact: gustavo@ladocs.org.

We remain committed to coordinating our efforts with L.A. County and the City of Los Angeles response teams to support our healthcare community during this challenging time.

Kind regards,

L.A. Care Health Plan
