Summary of Benefits

Footnotes:

- 1) Any and all cost-sharing payments for in-network covered services apply to the out-of-pocket maximum. If a deductible applies to the service, cost sharing payments for all in-network services accumulate toward the deductible. In-network services include services provided by an out-of-network provider but are approved as in-network by the carrier.
- 2) Member is responsible for all charges when receiving out of network care, unless services rendered are deemed a medical emergency.
- 3) Cost-sharing payments for drugs that are not on-formulary but are approved as exceptions accumulate toward the Plan's in-network out-of-pocket maximum.
- 4) For plans except HDHPs linked to HSA plans, in coverage other than self-only coverage, an individual's payment toward a deductible, if required, is limited to the individual annual deductible amount. In coverage other than self-only coverage, an individual's out of pocket contribution is limited to the individual's annual out of pocket maximum. After a family satisfies the family out-of-pocket maximum, the carrier pays all costs for covered services for all family members.
- 5) Co-payments may never exceed the plan's actual cost of the service. For example, if laboratory tests cost less than the \$45 copayment, the lesser amount is the applicable cost-sharing amount.
- 6) Coverage for transportation by airplane, passenger car, taxi or other form of public transportation not covered
- 7) The Outpatient Visit line item within the Outpatient Services category includes but is not limited to the following types of outpatient visits: outpatient chemotherapy, outpatient radiation, outpatient infusion therapy and outpatient dialysis and similar outpatient services
- 8) Prior authorization from Beacon Health for Inpatient and Outpatient Services (except Emergency or Urgent Services) is required. Initial outpatient/office visit to diagnose or determine treatment does not require prior authorization. Additional services requested by your provider will require prior authorization. Routine office-based outpatient care to diagnose or treat mental health or substance use disorders does not require pre-authorization when rendered by an in-network provider.
- 9) Cost-sharing for services subject to the federal Mental Health Parity and Addiction Equity Act (MHPAEA) may be less than those listed in these standard benefit plan designs if necessary for compliance with MHPAEA.
- 10) Mental Health/Substance Use Disorder Outpatient Items and Services include post-discharge ancillary care services, such as counseling and other outpatient support services, which may be provided as part of the offsite recovery component of a residential treatment plan.
- 11) Residential substance abuse treatment that employs highly intensive and varied therapeutics in a highly-structured environment and occurs in settings including, but not limited to, community residential rehabilitation, case management, and aftercare programs, is categorized as substance use disorder inpatient services
- 12) For Outpatient Partial Hospitalization Services, an episode of care is the date from which the patient is admitted to the Partial Hospitalization Program and ends on the date the patient is discharged or leaves the Partial Hospitalization Program. Any Services received between these two dates would constitute an episode of care. If the patient needs to be readmitted at a later date, then this would constitute another episode of care
- 13) For drugs to treat an illness or condition the copay or co-insurance applies to the prescription supply. For example, if the prescription is for a month's supply, one co-pay or co-insurance can be collected. Nothing in this note precludes a carrier from offering mail order prescriptions at a reduced cost.
- 14)

Drug tiers are defined as follows:

The Provider Listing & Directory

L.A. Care maintains a current list of all doctors, hospitals, pharmacies, and mental health services in L.A. Care's network on its website at lacare.org. You may search for providers by area, specialty, language spoken and other provider characteristics. You can also request a provider directory by calling L.A. Care's Member Services Department at **1-855-270-2327/711** (TTY/TDD).

Some hospitals and other providers may have a moral objection to providing some services. Additionally, some hospitals and other providers may not offer one or more of the following services that may be covered under your plan contract that you or your family member might need:

- Family Planning
- Contraceptive services including emergency contraception
- Sterilization, including tubal ligation at the time of labor and delivery
- Infertility treatments
- Abortion

You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call our Member Services Department at **1-855-270-2327/711** (TTY/TDD) to ensure that you can obtain the health care services that you need.

Language and Access Services

Written information in your languages and formats

You have the right to receive written materials from L.A. Care in any of the following languages: English, Spanish and any language spoken by 3,000 or at least 5% of L.A. Care Covered™ enrollees. You can also ask for this document and other materials in large print or another format. Please call L.A. Care's Member Services Department at **1-855-270-2327/711** (TTY/TDD), for documents in your language or another format.

No-cost interpreting services

You have the right to no-cost interpreting services when getting health care services, including American Sign Language. These services are available 24 hours a day, seven (7) days a week. It is important to use a professional interpreter at your doctor visit. A professional interpreter will help you communicate with your doctor so that you understand your health and how to take care of yourself. The professional interpreter is trained and knows medical words and will interpret everything that is said between you and your doctor, correctly and completely. The interpreter keeps your conversation with your doctor confidential and private. You should not use friends or family, especially children to interpret for you.

Call L.A. Care's Member Services Department at **1-855-270-2327/711** (TTY/TDD) if you need interpreting services. We can assist you in your language

over the phone and make sure that you have an interpreter for your next appointment. To request for an interpreter:

Step 1: Make your appointment with your doctor

Step 2: Call L.A. Care at **1-855-270-2327/711** (TTY/TDD) at least ten business days before your appointment with the following information:

- Your name
- Your member ID number
- Date and time of your appointment
- Doctor's name
- Doctor's address and phone number

Access information for people with disabilities

Many doctors' offices and clinics have accommodations that make medical visits easier for people with disabilities such as accessible parking spaces, ramps, large exam rooms, and wheelchair friendly scales. You can find doctors with such accommodations in the Provider Directory. L.A. Care Member Services can also help you locate a doctor who can meet your special needs.

A doctor's office, clinic or hospital cannot deny you services because you have disabilities. Call L.A. Care's Member Services Department at **1-855-270-2327/711** (TTY/TDD) if you cannot get the services you need or if services you need are difficult to get.

Remember: Tell your doctor's office if you may require additional time during your visit, because you need extra help.

Complaints

You have the right file a complaint if:

- You feel that you were denied services because of a disability or you do not speak English
- You cannot get an interpreter
- You have a complaint about the interpreter
- You cannot get information in your language
- Your cultural needs are not met

You can learn more about this in the "*Grievances and Appeals*" section of this *Subscriber Agreement & Member Handbook*.

Service Area

The Service Area for L.A. Care Covered™ is Los Angeles County (excluding Catalina Island). You and your Eligible Dependents must live in the Service Area and must select or be assigned to a PCP who is located sufficiently close to your home or workplace to ensure reasonable access to care, as determined by L.A. Care. Upon change of residence outside L.A. Care's Service Area, your coverage under L.A. Care Covered™ will terminate as required by Covered California™.

If you travel outside of Los Angeles County

As a member of L.A. Care Covered™, your service area is Los Angeles County (excluding Catalina Island). All locations outside of Los Angeles County are out of your service area.

Routine care is not covered out of service area. Emergency and urgent care services are covered outside of Los Angeles County.

Outside of Los Angeles County?

If you have an emergency when you are not in Los Angeles County, you can get emergency services at the nearest emergency facility (doctor's office, clinic, or hospital). Emergency services do not require a referral or an okay from your PCP.

If you are admitted to a hospital not in L.A. Care's network or to a hospital your PCP or other doctor does not work at, L.A. Care has the right to move you to a network hospital as soon as medically safe.

Your PCP must provide follow-up care when you leave the hospital.

Please see the "Emergency Services" section for more details on emergency care.

Timely Access to Non-Emergency Health Care Services

The California Department of Managed Health Care (DMHC) adopted new regulations (Title 28, Section 1300.67.2.2) for health plans to provide timely access to non-emergency health care services to members. Health care service plans must comply with these new regulations as of January 18, 2011.

Please contact L.A. Care Health Plan's Nurse Advice Line at **1-800-249-3619**, 24 hours a day, 7 days a week to access triage or screening services by telephone.

How to Get Care

Please read the following information so that you will know how and where to get care.

Primary Care Physician (PCP)

Please read the following information so you will know from whom or what group of providers, health care may be obtained.

All L.A. Care Members must have a Primary Care Physician (PCP). The name and phone number of your PCP is found on your L.A. Care ID card. Except for emergency services, your PCP will arrange all your health care needs, refer you to specialists, and make hospital arrangements.

Each PCP works with a Participating Provider Group (PPG), which is another name for medical group. Each PPG works with certain specialists, hospitals, and other health care providers. The PCP you choose determines which health care providers are available to you.

What is the difference between an Enrollee and an Enrolled Dependent?

While both are Members of L.A. Care, there's a difference between an Enrollee and an Enrolled Dependent. An Enrollee is the Member who enrolled with L.A. Care after being determined eligible by Covered California™. The Enrollee pays the monthly premiums to L.A. Care for his or her health care coverage for him- or herself and any Enrolled Dependent(s). An Enrolled Dependent is someone, such as a child, whose dependent status with the Enrollee allows him or her to be a Member of L.A. Care.

Why point out the difference? Because Enrollees often have special responsibilities, including sharing benefit updates with any Enrolled Dependent(s). Enrollees also have special responsibilities that are noted throughout this publication. If you're an Enrollee, please pay attention to any instructions given specifically for you.

Scheduling Appointments

Step 1: Call your PCP

Step 2: Explain why you called

Step 3: Ask for an appointment

Your PCP's office will tell you when to come in and how much time you will need with your PCP. (Please see the "*Summary of Benefits*" section to know which services require co-payments).

Clinic and doctor appointments are generally available Monday through Friday between 8:00 a.m. and 4:30 p.m. Evening and Saturday clinic/doctor office appointments may be available at some L.A. Care sites. Please call your PCP office to confirm his/her hours or you may check our online provider directory at lacare.org.

If you need medical advice during clinic/doctor office hours, you may call your PCP and speak to her/him or call L.A. Care's Nurse Advice line at **1-800-249-3619**. If you need care when your PCP's office is closed (such as after normal business hours, on the weekends or holidays), call your PCP's office. Ask to speak to your PCP or to the doctor on call. A doctor will call you back.

You can also call the nurse advice line number that is on your ID card. This number is available to you 24 hours a day, seven (7) days a week, to help answer your health care questions and have your health concerns and symptoms reviewed by a registered nurse. This service is free of charge and available to you in your language. The PCP or L.A. Care nurse will answer your questions and help you decide if you need to come into the clinic/doctor's office.

For urgent care (this is when a condition, illness or injury is not-life threatening, but needs medical care right away), call or go to your nearest urgent care center. Many of L.A. Care's doctors have urgent care hours in the evening, on weekends or during holidays.

If you cannot come in for your appointment, you should call as far ahead as possible to let the clinic or doctor's office know. You can schedule another appointment at that time. Waiting time for an appointment may be extended if the provider determines that a longer waiting time will not

have a detrimental impact on your health. The rescheduling time of appointments shall be appropriate for your health care needs and shall ensure continuity of care.

L.A. Care will provide or arrange for 24 hours a day, 7 days a week, triage or screening services by telephone. Telephone triage or screening services waiting time will not exceed 30 minutes.

L.A. Care will ensure that all health providers have an answering service or answering machine during non-business hours that provide urgent or emergency care instructions to contact the on-call health provider.

How to change your PCP

Each member of your household that is enrolled with L.A. Care Covered™ may select a different PCP. Upon enrollment, you should contact L.A. Care's Member Services Department at **1-855-270-2327/711** (TTY/TDD) to select a PCP. If you and your Enrolled Dependent(s) did not actively select a PCP after enrolling, L.A. Care assigned a PCP to each of you based on the following criteria:

- The language you speak;
- The distance to a PCP office near your house. We try to assign you a PCP within 10 miles; and
- The PCP's specialty most appropriate for the Member's age.

If you would like to change your or your Enrolled Dependent's PCP, please call L.A. Care's Member Services Department at **1-855-270-2327/711** (TTY/TDD). You may also make this change by visiting our website at **lacare.org**. Click on the following:

- **I Am A Member**
- Follow the instructions to change your doctor.
- The request must be received by the 20th day of the month to be effective the first day of the next month. If the request is received after the 20th day of the month, it will be effective one month later.
- If your new PCP works with a different PPG, this may also change the hospitals, specialists, and other health care providers from whom you may receive health care.

How to Get Information about Doctors and Specialists Who Work with L.A. Care

We are proud of our doctors and their professional training. If you have questions about the professional qualifications of network doctors and specialists,

call L.A. Care at **1-855-270-2327/711** (TTY/TDD). L.A. Care can tell you about the medical school they attended, their residency, or board certification.

Health Assessment

When you enroll with L.A. Care Covered™, it is important that we understand how we can be of assistance to you. Your Welcome Packet contains a form called Health Assessment (HA). The HA includes questions that help us to better know your health care needs and how we can be of assistance to you. The information you provide will be kept confidential and shared only with your PCP or your care team. **It is important that you complete the Health Assessment in the first four (4) months or 120 days of becoming a L.A. Care Covered™ Member. Adults who successfully complete their HA within 120 days, may be eligible to receive a \$25 Target GiftCard®.**

You can complete your Health Assessment online by logging into your Online Member Account at **lacare.org**. For more information about how to complete your HA, please call our Member Services Department at **1-855-270-2327/711** (TTY/TDD).

New Member Check Up

It is important for new Members to get a checkup even if they are not sick. **Be sure to schedule a checkup within the first three (3) months of becoming a L.A. Care Covered™ Member. Please call your PCP today to make an appointment for a "new member checkup."** This visit is also called a "well visit" or "preventive health visit". There is no co-pay for this visit. Your PCP's telephone number is on your L.A. Care ID card.

This first visit is important. Your PCP looks at your medical history, finds out what your health status is today, and can begin any new treatment you might need. You and your PCP will also talk about preventive care. This is care that helps "prevent" you from getting sick or keeps certain conditions from getting worse. Remember, children need to get a checkup every year, even when they are not sick, to make sure they are healthy and growing properly.

Obstetrical/Gynecological (OB/GYN) Physician Services

A female Member may arrange for obstetrical and/or gynecological (OB/GYN) services by an obstetrician/gynecologist or family practice physician who is not her designated personal physician. A referral from your PCP or from the affiliated PPG is not needed. However, the obstetrician/gynecologist or family practice physician

must be in the same PPG your PCP is in. Obstetrical and gynecological services are defined as:

- Physician services related to prenatal, perinatal, and postnatal (pregnancy) care,
- Physician services provided to diagnose and treat disorders of the female reproductive system and genitalia,
- Physician services for treatment of disorders of the breast,
- Routine annual gynecological examinations.

It is important to note that services by an OB/GYN or family practice physician outside of the PCP's medical group without authorization will not be covered under this benefit plan. Before making the appointment, you should call your PCP office or the Member Services Department at the telephone number indicated on your identification card to confirm that the OB/GYN is in the PPG. The OB/GYN physician services are separate from the specialist services described below under "*Referrals to Specialty Physicians*".

Referrals and Prior Authorizations

A referral is a request for health care services that are not usually provided by your PCP. All health care services must be approved by your PCP's PPG before you get them. This is called prior authorization. Prior authorization is required for all in-network and out-of-network providers.

There are different types of referral requests with different timeframes as follows:

- Routine or regular referral – 5 business days
- Urgent referral – 24 to 48 hours
- Emergency referral – same day

Please call L.A. Care if you do not get a response within the above time frames.

The following services do not require a prior authorization:

- Emergency services (go to "*Emergency Care Services*" section for more information)
- Preventive health services (including immunizations)
- Obstetrician and gynecological services in-network

All health care services are reviewed, approved, or denied according to medical necessity. Call L.A. Care's Member Services Department if you would like a copy of the policies and procedures used to decide if a service is medically necessary. The number is **1-855-270-2327/711** (TTY/TDD).

The following Mental Health and Chemical Dependency services do not require a prior authorization:

- Emergency room
- Individual Therapy
- Diagnostic Evaluation
- Outpatient medication management
- Group therapy

For more information on services accessible without a prior authorization and the general process for obtaining prior authorization for all other Mental Health and Chemical Dependency services, please call the Behavioral Health Hotline at 1-877-344-2858/1-800-735-2929 TTY.

Referrals to Specialty Physicians

Specialists are doctors with training, knowledge, and practice in one area of medicine. For example, a cardiologist is a heart specialist and who has years of special training to deal with heart problems.

Your PCP will ask for prior authorization if he or she thinks you should see a specialist.

Behavioral Health Care

Mental health services may include treatment for anxiety, behavioral health problems or depression. Your PCP will provide you with some outpatient mental health services, within the scope of their training and practice. When you need behavioral health services beyond your PCP's training and practice you will be directed to behavioral health specialists. Your PCP or you can call the Behavioral Health Hotline at 1-877-344-2858/1-800-735-2929 TTY to get an appointment. No prior authorization is requirement for most outpatient behavioral health services.

Referral to Non-physician Providers

You may get services from non-physician providers who work in your PCP's office. Non-physician providers may include, but are not limited to, clinical social workers, family therapists, nurse practitioners, and physician assistants.

Standing Referrals

You may have a chronic, life-threatening or disabling condition or disease such as HIV/AIDS. If so, you may need to see a specialist or qualified health care professional for a long length of time. Your PCP may suggest, or you may ask for, what is called a standing referral.

A standing referral to a specialist or qualified health care professional needs prior authorization. With a standing referral, you will not need authorization every

time you want to visit the specialist or qualified health care professional. You may ask for a standing referral to a specialist that works with your PCP or with a contracted specialty care center.

The specialist or qualified health care professional will develop a treatment plan for you. The treatment plan will show how often you need to be seen. Once the treatment plan is approved, the specialist or qualified health care professional will be authorized to provide health services. The specialist will provide health services in his or her area of expertise and training and based on the treatment plan.

Second Opinions

What is a second opinion?

A second opinion is a visit with another doctor when you:

- Question a diagnosis, or
- Do not agree with the PCP's treatment plan, or
- Would like to confirm the treatment plan.

The second opinion must be from a qualified health care professional in L.A. Care's or your PPG's network. If there is no qualified health care professional in the network, L.A. Care or your PPG will make arrangements for one. You have the right to ask for and to get a second opinion and to ask for timeliness for making routine and urgent opinions available.

What do you need to do?

Step 1: Talk to your PCP or L.A. Care and let him/her know you would like to see another doctor and the reason why.

Step 2: Your PCP or L.A. Care will refer you to a qualified health care professional.

Step 3: Call the second opinion doctor to make an appointment.

If you do not agree with the second opinion, you may file a grievance with L.A. Care. Refer to the "*Grievance and Appeals*" section for more information.

- Pharmacy Center
- Formulary

You can also call L.A. Care's Member Services Department at **1-855-270-2327/711** (TTY/TDD) to ask for a copy of the formulary. You may also request a copy of the formulary in Spanish and many other languages or in alternate formats such as large print or audio.

Pharmacy Co-Payments

L.A. Care covers generic, brand name, and specialty drugs. You are responsible for a co-payment for each drug filled at the pharmacy. The amount of your co-payment depends on the drug category and/or Tier indicated on the formulary (example: Tier 1, 2, 3, 4) and your benefit plan (example: Gold, Silver or Bronze). Please refer to the “*Summary of Benefits*” for pharmacy co-payments, deductibles, integrated deductibles and/or out-of-pocket limits that may apply.

The L.A. Care formulary includes:

- Approved prescription drugs
- Diabetic supplies: Insulin, insulin syringes, glucose test strips, lancets and lancet puncture devices
- Inhaler spacers and extender devices
- Emergency Contraceptive Drugs: You may get emergency contraceptive drugs from your doctor or pharmacy with a prescription from your doctor. You may also get emergency contraceptive drugs from a certified pharmacist without a prescription.

For information on pharmacies offering emergency contraceptive drugs from certified pharmacists without a prescription, please call L.A. Care Member Services at **1-855-270-2327/711** (TTY/TDD).

Emergency contraceptive drugs are covered also when you receive emergency care services. You may receive emergency care services from doctors, hospitals, pharmacies or other health care professionals whether or not they are contracted with L.A. Care.

Non-formulary drugs

Sometimes, doctors may prescribe a drug that is not on the formulary. This will require that the doctor get authorization from L.A. Care. To decide if the non-formulary drug will be covered, L.A. Care may ask the doctor and/or pharmacist for more information. L.A. Care will reply to the doctor and/or pharmacist within 24 hours or one business day after getting the requested medical information.

The doctor or pharmacist will let you know if the drug is approved. After approval, you can get the drug at a Plan Pharmacy, refer to the “How to Find a Pharmacy” section on page 16.

If the non-formulary drug is denied, you have the right to appeal. (Please refer to the “*Grievance and Appeals*” section for more information.)

Emergency and Urgent Care Services

Urgent Care Services

There is a difference between needing care urgently and an emergency. Urgent care is when a condition, illness or injury is not life-threatening, but needs medical care right away. Many of L.A. Care’s doctors have urgent care hours in the evening and on weekends.

How to get urgent care

1. Call your PCP doctor. You may speak to an operator who answers calls for your PCP doctor’s office when closed (like after normal business hours, on the weekends or holidays).
2. Ask to speak to your PCP doctor or the doctor on call. A doctor will call you back. If your PCP doctor is not available, another doctor may answer your call. A doctor is available by phone 24 hours a day, 7 days a week, and also on the weekends and holidays.
3. Tell them about your condition and follow their instructions.

If you are outside of Los Angeles County, you do not need to call your PCP doctor or get prior authorization before getting urgent care services. Be sure to let your PCP doctor know about this care. You may need follow-up care from your PCP doctor.

Emergency services

Emergency services are covered 24-hours a day, 7 days a week, anywhere. Emergency care is a service that a member reasonably believes is necessary to stop or relieve:

- sudden serious illnesses or symptoms
- injury or conditions requiring immediate diagnosis and treatment

Emergency services and care include ambulance, medical screening, exam and evaluation by a doctor or appropriate personnel. Emergency services include both physical and psychiatric emergency conditions, and active labor.

Examples of emergencies include but are not limited to:

- Having trouble breathing
- Seizures (convulsions)
- Lots of bleeding
- Unconsciousness/blackouts (will not wake up)
- In a lot of pain (including chest pain)
- Swallowing of poison or medicine overdose
- Broken bones
- Head injury
- Eye injury
- Thoughts or actions about hurting yourself or someone else

If you think you have a health emergency, call 911. You are not required to call your doctor before you go to the emergency room. Do not use the emergency room for routine health care.

What to do in an emergency:

Call 911 or go to the nearest emergency room if you have an emergency. Emergency care is covered at all times and in all places.

What to do if you are not sure if you have an emergency:

If you are not sure whether you have an emergency or require urgent care, please contact L.A. Care's Nurse Advice Line at **1-800-249-3619** to access triage or screening services, 24 hours per day, 7 days per week.

Post Stabilization and Follow-up Care After an Emergency

Once your emergency medical condition has been treated at a hospital and an emergency no longer exists because your condition is stabilized, the doctor who is treating you may want you to stay in the hospital for a while longer before you can safely leave the hospital. The services you receive after an emergency condition is stabilized are called "post-stabilization services."

If the hospital where you received emergency services is not part of L.A. Care's contracted network ("non-contracted hospital"), the non-contracted hospital will contact L.A. Care to get approval for you to stay in the non-contracted hospital.

If L.A. Care approves your continued stay in the non-contracted hospital, you will only be responsible for the Member's cost-sharing portion of the hospital stay, subject to the applicable Deductible. Please note, however, that if any cost sharing is based on a percentage of billed charges, the cost is generally higher at non-contracted hospitals. If L.A. Care has notified the non-contracting hospital that you can safely be moved to one of L.A. Care's contracted hospitals, L.A. Care will arrange and pay for you to be moved from the non-contracted hospital to a contracted hospital.

If L.A. Care determines that you can be safely transferred to a contracted hospital, and you, your spouse or legal guardian do not agree to you being transferred, the non-contracted hospital must give you, your spouse or legal guardian a written notice stating that you will have to pay for all of the cost for post-stabilization services provided to you at the non-contracted hospital after your emergency condition is stabilized.

Also, you may have to pay for services if the non-contracted hospital cannot find out what your name is and cannot get L.A. Care's contact information to ask for approval to provide services once you are stable.

If you feel that you were improperly billed for post-stabilization services that you received from a non-contracted hospital, please contact the L.A. Care Member Services at 1-855-270-2327/711 (TTY/TDD).

Non-Qualified Services

Non-qualified services are any non-emergency services received in the emergency room. L.A. Care will review all emergency room services provided to Members based on the prudent lay person's definition of emergency services. The Member must pay for the cost of any non-qualified services. (Please refer to the "Emergency Services" section for more information.)

Continuity of Care

We will send you a letter in the mail if your PCP stops working with L.A. Care. We will notify you 60 days before the date your PCP stops working with L.A. Care. You can ask to keep seeing this doctor (including specialists and hospitals), if the doctor agrees and has been treating you for anything listed below:

- Acute condition – For the duration of the condition.
- Serious chronic (long-term) condition – For a period of time necessary to complete a course of treatment and arrange for a safe transfer to another provider.
- Pregnancy – Includes the rest of the pregnancy and immediate postpartum care.
- Terminal illnesses/conditions – For the length of the illness.
- Children from birth to age 36 months – For up to 12 months.
- You have a surgery or other procedure that has been authorized by the plan as part of a documented course of treatment.

New Members can also ask to keep seeing their current doctor or hospital for these conditions if they have just joined L.A. Care. If you have one of the conditions listed, ask your doctor if you can keep seeing him/her. You can also call L.A. Care Member Services at **1-855-270-2327/711 (TTY/TDD)** on how to request continuity of care.

You need to know that the continuity of care benefit will not apply to you if:

1. You are a new Member in L.A. Care and your old health plan offered to let you keep receiving care from an out-of-network provider. *OR*
2. You had the choice to keep receiving care from your previous provider, but you decided to change health plans.

Doctors who are not contracted with L.A. Care may be required to agree to the same terms and conditions as contracted providers. If the doctor does not agree, then L.A. Care is not required to provide the services through that doctor.

Grievance & Appeals

L.A. Care Grievance Process

What should I do if I am unhappy?

If you are not happy, are having problems or have questions about the service or care given to you, you can contact your PCP and let your PCP know. Your PCP may be able to help you or answer your questions. However, you may file a grievance with L.A. Care at anytime and do not have to contact your PCP before filing a grievance with L.A. Care.

What is a grievance?

A grievance is a complaint. This complaint is written down and tracked. You might be unhappy with the health care services you get or how long it took to get a service, and have the right to complain. Some examples are complaints about:

- The service or care your PCP or other providers give you
- The service or care your PCP's medical group gives you
- The service or care your pharmacy gives you
- The service or care your hospital gives you
- The service or care L.A. Care gives you

How to File a Grievance

You have many ways to file a grievance. You can do any of the following:

- Write, visit or call L.A. Care. You may also file a grievance online in English or in Spanish through L.A. Care's website at **lacare.org**.
- Please contact L.A. Care as listed below if you need a grievance form in a language other than Spanish or English, or in another format (large print or audio).

- Fill out a grievance form at your doctor's office

L.A. Care can help you fill out the grievance form over the phone or in person. If you need interpreter services, we will work with you to make sure we can communicate with you in a language you understand.

For Members with hearing or speech loss, you may call L.A. Care's TTY/TDD telephone number for Member Services at **711**.

Within five calendar days of receiving your grievance, you will get a letter from L.A. Care saying we have your grievance and are working on it. Then, within 30 calendar days of receiving your grievance, L.A. Care will send you a letter explaining how the grievance was resolved.

Filing a grievance does not affect your medical benefits. If you file a grievance you may be able to continue a medical service while the grievance is being resolved. To find out more about continuing a medical service, call L.A. Care.

If you do not agree with the outcome of your grievance

If you do not hear from L.A. Care within 30 calendar days, or you do not agree with the decision about your grievance, you may file a grievance with the Department of Managed Health Care (DMHC). For information on how to file a grievance with DMHC, go to "Review by the Department of Managed Health Care (DMHC)" section.

How to file a grievance for health care services denied or delayed as not medically necessary

If you believe a health care service has been wrongly denied, changed, or delayed by L.A. Care because it was found not medically necessary, you may file a grievance. This is known as a disputed health care service.

Within five calendar days of receiving your grievance, you will get a letter from L.A. Care saying we have received your grievance and that we are working on it. The letter will also let you know the name of the person working on your grievance. Then, within 30 calendar days you will receive a letter explaining how the grievance was resolved.

Filing a grievance does not affect your medical benefits. If you file a grievance you may be able to continue a medical service while the grievance is being resolved. To find out more about continuing a medical service, call L.A. Care.

If you do not agree with the outcome of your grievance for health care services denied or delayed as not medically necessary

If you do not hear from L.A. Care within 30 calendar days, or you do not agree with the decision about your grievance, you may file a grievance with the Department of Managed Health Care (DMHC). For information on how to file a grievance with DMHC, go to “*Review by the Department of Managed Health Care (DMHC)*” section.

How to File a Grievance for Urgent Cases

Examples of urgent cases include:

- Severe pain
- Potential loss of life, limb or major bodily function
- Immediate and serious deterioration of your health

In urgent cases, you can request an “expedited review” of your grievance. You will receive a call and/or a letter about your grievance within 24 hours. A decision will be made by L.A. Care within three calendar days (or 72 hours) from the day your grievance was received.

You have the right to file an urgent grievance with DMHC without filing a grievance with L.A. Care. For information on how to file a grievance with DMHC, go to “*Review by the Department of Managed Health Care (DMHC)*” section.

If you do not agree with the outcome of your grievance for urgent cases

If you do not hear from L.A. Care within three calendar days (or 72 hours), or you do not agree with the decision about your grievance, you may file a grievance with the Department of Managed Health Care (DMHC). For information on how to file a grievance with DMHC, go to “*Review by the Department of Managed Health Care (DMHC)*” section.

Independent Medical Review

You may request an Independent Medical Review (IMR) from DMHC. You have up to six months from the date of denial to file an IMR. You will receive information on how to file an IMR with your denial letter. You may reach DMHC toll-free at **1-888-HMO-2219** or **1-888-466-2219**.

There are no fees for an IMR. You have the right to provide information to support your request for an IMR. After the IMR application is submitted, a decision not to take part in the IMR process may cause you to lose certain legal rights to pursue legal action against the plan.

When to File an Independent Medical Review (IMR)

You may file an IMR if you meet the following requirements:

- Your doctor says you need a health care service because it is medically necessary and it is denied; or
- You received urgent or emergency services determined to be necessary and they were denied; or
- You have seen a network doctor for the diagnosis or treatment of the medical condition, even if the health care services were not recommended.
- The disputed health care service is denied, changed or delayed by L.A. Care based in whole or in part on a decision that the health care service is not medically necessary, and/or
- You have filed a grievance with L.A. Care and the health care service is still denied, changed, delayed or the grievance remains unresolved after 30 days.

You must first go through the L.A. Care grievance process, before applying for an IMR. In special cases, the DMHC may not require you to follow the L.A. Care grievance process before filing an IMR.

The dispute will be submitted to a DMHC medical specialist if it is eligible for an IMR. The specialist will make an independent decision on whether or not the care is medically necessary. You will receive a copy of the IMR decision from DMHC. If it is decided that the service is medically necessary, L.A. Care will provide the health care service.

Non-urgent cases

For non-urgent cases, the IMR decision must be made within 30 days. The 30-day period starts when your application and all documents are received by DMHC.

Urgent cases

If your grievance is urgent and requires fast review, you may bring it to DMHC’s attention right away. You will not be required to participate in the health plan grievance process.

For urgent cases the IMR decision must be made within three calendar days from the time your information is received.

Examples of urgent cases include:

- Severe pain
- Potential loss of life, limb or major bodily function
- Immediate and serious deterioration of your health

Independent Medical Review for Denials of Experimental/ Investigational Therapies

You may also be entitled to an IMR, through the Department of Managed Health Care, when we deny coverage for treatment we have determined to be experimental or investigational.

- We will notify you in writing of the opportunity to request an IMR of a decision denying an experimental/ investigational therapy within five (5) business days of the decision to deny coverage.
- You are not required to participate in L.A. Care's grievance process prior to seeking an IMR of our decision to deny coverage of an experimental/ investigational therapy.
- If a physician indicates that the proposed therapy would be significantly less effective if not promptly initiated, the IMR decision shall be rendered within seven (7) days of the completed request for an expedited review.

Review by the Department of Managed Health Care

The California Department of Managed Health Care (DMHC) is responsible for regulating health care service plans. If you have a grievance against L.A. Care, you should first telephone L.A. Care at **1-855-270-2327** (TTY/TDD for the deaf and hard of hearing at **711**) and use L.A. Care's grievance process before contacting the DMHC. Using this grievance procedure does not prohibit any legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by L.A. Care, or a grievance that has remained unresolved for more than 30 days, you may call the DMHC for assistance. You may also be eligible for an IMR. If you are eligible for an IMR, the IMR process will provide an impartial view of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature, and payment disputes for emergency and urgent medical services. The Department of Managed Health Care has a toll-free telephone, **1-888-HMO-2219**, to

receive complaints regarding health plans. The hearing and speech impaired may use the department's TTY/TDD line (**1-877-688-9891**) to contact DMHC. DMHC's internet website (www.hmohelp.ca.gov) has complaint forms, IMR application forms and instructions online.

L.A. Care's grievance process and DMHC's complaint review process are in addition to any other dispute resolution procedures that may be available to you, and your failure to use these processes does not preclude your use of any other remedy provided by law.

L.A. Care will help you with interpreter services if you speak a language other than English. You may use the toll-free TTY/TDD numbers listed under "*How to File a Grievance*" if you are a non-hearing Member. With your written consent, your doctor may also file an appeal on your behalf.

The initial premium payment may be submitted upon successful completion of application or you may choose to wait to receive a bill from L.A. Care Health Plan. Once the application has been approved and full payment has been received for the first month, L.A. Care will send you a new Member Welcome Packet and a Health Plan ID that includes the effective date of coverage. Premium payments after the initial month must be submitted by the Enrollee directly to L.A. Care.

Adding Dependents to Your Coverage

If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may enroll your dependents, provided that you request enrollment within 60 days after the marriage, birth, adoption or placement for adoption. All dependents must meet eligibility criteria, as determined by Covered California, and must be approved by Covered California before coverage can be started by L.A. Care. Please contact our Member Services Department at **1-855-270-2327/711** (TTY/TDD) or Covered California™ at **1-888-975-1142** if you need additional information.

Payment Responsibilities

What are Premiums (Prepayment Fees)?

Premiums are monthly fees an Enrollee pays to cover the basic costs of the health care package for himself or herself and any Enrolled Dependent(s). An Enrollee must pay the health plan premiums directly to L.A. Care when due.

Monthly Premiums

Your monthly premium is based on three major factors: 1) the benefit plan you selected (Silver, Gold, etc); 2) your age and where you reside; 3) the amount of your tax credit (the amount depends on your income level). Please refer to your eligibility approval from Covered California™ or your L.A. Care premium bill to see the amount that you must pay each month.

Once you are enrolled in L.A. Care Covered™, you will receive a monthly premium bill in the mail or via e-mail, if you prefer. To receive your bill notification through e-mail, you must first create an online payment account and select the paperless billing option. Please visit lacare.org to learn more about how to make your premium payments. Your payment will be due to L.A. Care on or before the twenty-sixth (26th) of each month to commence coverage as of the first (1st) day of the following month. If your first premium payment is not received by the 1st of the month for coverage in the same month, your payment will be considered past due and you will be sent a cancellation notice (example: if we do not receive payment by February 1st for coverage beginning February 1st). Please refer to the “*Cancellation by L.A. Care for Nonpayment of Dues*” section below for more information.

L.A. Care offers a variety of options and methods by which you may pay your monthly premium. Please call our Member Services Department at **1-855-270-2327/711** (TTY/TDD) to discuss these options or visit our website at lacare.org.

Payments can also be made via U.S. mail by cashier's check, money order, or a personal check to the address below. Make your premium payments payable to: **L.A. Care Health Plan.**

L.A. Care Health Plan
P.O. Box 2168
Omaha, NE 68103

L.A. Care will not increase your premium during Calendar Year 2015 unless authorized by Covered California due to a reported demographic change which may affect your eligibility and premium amount.

Important: If your address changes, or if you would prefer to receive your premium statements via e-mail, please notify L.A. Care immediately by calling our Member Services Department at **1-855-270-2327/711** (TTY/TDD) and Covered California™ at **1-888-975-1142**.

What are Co-payments (Other Charges)?

Aside from the monthly premium, you may be responsible for paying a charge when you receive a covered service. This charge is called a co-payment and is outlined in the Summary of Benefits. If you review your Summary of Benefits, you'll see that the amount of the co-payment depends on the service you receive. An Enrollee must always be prepared to pay the co-payment during a visit to the Enrollee's PCP, Specialist, or any other provider.

Note: Co-payments are not required for preventive care services, prenatal care or for pre-conception visits.

Preventive care includes, but is not limited to:

- Immunizations
- Well-child visits
- Please see the Exclusions and Limitations section in this member handbook for more information regarding what services are covered at no charge or call our Member Services Department at **1-855-270-2327/711** (TTY/TDD).

Cost Sharing

General rules, examples, and exceptions

The cost sharing is the amount you are required to pay for a covered service, for example: the deductible,

co-payment, or coinsurance. Your cost sharing for covered services will be the cost sharing in effect on the date you receive the services, except as follows:

- If you are receiving covered inpatient hospital or Skilled Nursing Facility Services on the effective date of this *Subscriber Agreement & Member Handbook*, you pay the cost sharing in effect on your admission date until you are discharged if the services were covered under your prior Health Plan coverage and there has been no break in coverage. However, if the services were not covered under your prior Health Plan coverage, or if there has been a break in coverage, you pay the cost sharing in effect on the date you receive the services.
- For items ordered in advance, you pay the cost sharing in effect on the order date (although we will not cover the item unless you still have coverage for it on the date you receive it) and you may be required to pay the cost sharing when the item is ordered. For outpatient prescription drugs, the order date is the date that the pharmacy processes the order after receiving all of the information they need to fill the prescription group.

Receiving a bill

In most cases, we will ask you to make a payment toward your cost sharing at the time you check in. Keep in mind that this payment may cover only a portion of the total cost sharing for the covered services you receive. The provider of service will bill you for any additional cost sharing amounts that are due. The following are examples of when you may get a bill:

- You receive services during your visit that were not scheduled when you made your payment at check-in. For example, if you are scheduled to receive treatment for an existing condition, at check-in we will ask you to pay the cost sharing that applies to these services. If during your visit your provider finds another problem with your health, your provider may perform or order additional unscheduled services, such as lab test or other diagnostic tests. You may have to pay separate cost sharing amounts for each of these additional unscheduled services, in addition to the cost sharing amount you paid at check-in for the treatment of your existing condition.
- You receive services from a second provider during your visit that were not scheduled when you made your payment at check-in. For example, if you are scheduled to receive a diagnostic exam, at check-in

we will ask you to pay the cost sharing that applies to these services. If during your diagnostic exam your provider confirms a problem with your health, your provider may request the assistance of another provider to perform additional unscheduled services (such as an outpatient procedure). You may have to pay separate cost sharing amounts for the unscheduled services of the second provider, in addition to the cost sharing amount you paid at check-in for your diagnostic exam.

- You go in for Preventive Care Services and receive non-preventive services during your visit that were not scheduled when you made your payment at check-in. For example, if you go in for a routine physical maintenance exam, at check-in we will ask you to pay the cost sharing that applies to these services (the cost sharing may be “no charge”). If during your routine physical maintenance exam your provider finds a problem with your health, your provider may order non-preventive services to diagnose your problem (such as laboratory tests). You may have to pay separate cost sharing amounts for the non-preventive services performed to diagnose your problem, in addition to the cost sharing amount you paid at check-in for your routine physical maintenance exam.

The Annual Deductible

The annual deductible is the amount that you must pay during the calendar year for certain covered services before L.A. Care will cover those services at the applicable co-payment or co-insurance in that calendar year. The deductible is based on L.A. Care’s contracted rates with its participating providers and applies to certain service categories as defined in the “*Summary of Benefits*”. A Member who has Enrolled Dependent(s) must satisfy the lower individual deductible amount, but the deductibles paid by each of the Enrolled Dependent(s) are added together to satisfy the family deductible for all Members in the family. For example, if the deductible for one individual is \$2,000 and the deductible for a family of two or more is \$4,000, and if you had spent \$2,000 for services subject to the deductible, then you will not have to pay any cost sharing during the rest of the calendar year. However, your Enrolled Dependents will have to continue paying the cost sharing during the calendar year until your family reaches the \$4,000 family deductible.

Annual Out-of-Pocket Maximum

The annual out-of-pocket maximum (also called the “out-of-pocket limit”) is the highest amount you or your family (if you have Enrolled Dependent(s) receiving health coverage) are/is required to pay during one benefit year. The benefit year for L.A. Care Covered™ Members starts January 1st and ends December 31st. Please refer to the Summary of Benefits for your “Out-of-Pocket limit on expenses.”

Payments that count toward the maximum

Any cost sharing payments you make for in-network services accumulate toward the maximum out-of-pocket expense. Any amounts you pay for covered services that are subject to the deductible, also apply towards the annual out-of-pocket maximum.

Keeping track of the maximum

Step 1: We will keep track of your out-of-pocket payments, as reported to us by your providers of health care. However, because there are delays in reporting visits and payments, please request and save all receipts for payments you make to your health care providers for covered services.

Step 2: If you believe you have already met your annual out-of-pocket maximum for the current calendar year, please make a copy of your receipts, save the copy for your records, and send the originals to:

L.A. Care may terminate your coverage for failure to pay the required premium when due. If your coverage is being terminated because you failed to pay the required premium, then coverage will end 30 days after the date for which the premium is due. We will send you written notice of the termination at least 30 days before the termination date. You will be liable for all premiums accrued while coverage under this Benefit Plan continues in force including those accrued during this 30 day grace period. The Notice Confirming Termination of Coverage will inform you of the following:

- a. That your coverage has been terminated, and the reasons for cancellation;
- b. The specific date and time when coverage for you and all your Enrolled Dependent(s) ended; and

- c. Your right to request review of the termination. All contact information for the DMHC will be included in the letter.

Grace Period for Nonpayment of Premiums for Individuals Receiving Advance Tax Credits

If you and/or your Enrolled Dependent(s) are receiving advance premium tax credits to defray the cost of your monthly premium, but fail to pay the Member's portion of the monthly premium to L.A. Care by the due date, L.A. Care will send you a past due notice notifying you that your coverage will be terminated for non-payment of premium effective as of the last day of the first (1) month of grace period ("Grace Period"). The notice will explain you have a three (3) month grace period to make your payments in full before termination. The three (3) month Grace Period is offered only to individuals who are receiving advance premium tax credits.

L.A. Care will provide covered services to you only during the first month of the Grace Period. During months two (2) and three (3) of the Grace Period your coverage will be suspended. This means that L.A. Care will not provide coverage for any services you received during months two (2) and three (3) of the Grace Period. You may be billed for and have to pay for any services you receive during months two (2) and three (3) if you do not pay all of your three (3) months of overdue premiums by the last day of the three (3) month Grace Period.

If you have not paid your full premiums by the last day of the third month, within five (5) business days of terminating your coverage, L.A. Care will mail you a Notice Confirming Termination of Coverage with the information listed in the section above (items a-c).

Reinstatement of Coverage. If you pay all of the overdue three (3) months of premiums by the last day of the three (3) month Grace Period, your coverage will be reinstated back to the first (1st) day of the first (1st) month of the Grace Period. If you do not reinstate your coverage on or before the end of the 3rd month of the grace period, you will be financially responsible for the cost of any services received during months two (2) and three (3) of the grace period.

If your coverage is terminated outside of the regular Covered California enrollment period and you do not qualify for special enrollment, you may lose your right to reinstate coverage.

If you pay in full by the end of your three (3) month grace period, you may submit a claim to be reimbursed for medical and pharmacy services rendered during month two (2) and three (3) of grace period. For more information on how to submit a claim for reimbursement, contact our Member Services Department at **1-855-270-2327/711** (TTY/TDD).

If you are unable to make full premium payment by the end of the grace period and have sent partial premium payments, you may qualify for reimbursement. L.A. Care Health Plan will automatically calculate any overpayments and refund you. You may also contact Member Services at **1-855-270-2327/711** (TTY/TDD) to obtain a Request for Reimbursement Form.

You may also contact Member Services at **1-855-270-2327/711** (TTY/TDD) to obtain a Request for Reimbursement Form.

Cancellation by L.A. Care for Nonpayment of Dues

Care Health Plan through Covered California, you will be responsible for paying your first premium payment in order to become a Member and begin uses your health benefits. If you do not send us your first premium payment by the due date, your coverage will be cancelled. You will receive a notice in the mail letting you know that your coverage has been cancelled due to non-payment of the first premium payment. If your coverage is cancelled during the open enrollment period, you will be able to apply again. If your coverage is cancelled after the open enrollment period closes, you will be able to apply for coverage if you experience a qualifying life event as described in this member handbook.

Emergency services include a medical screening, exam, and evaluation by a doctor or other appropriate personnel. Emergency services also include both physical and mental emergency conditions.

Examples of some emergencies include, but are not limited to:

- Extreme bleeding
- Unconsciousness/blackouts (will not wake up)
- Severe pain (including chest pain)

charges paid by you for covered emergency services, including medical transportation services, provided by non-participating providers.

Emergency Services Out of the Service Area

If an emergency occurs while out of the service area, you may receive emergency services at the nearest emergency facility (doctor, clinic or hospital). You must report such services to L.A. Care not to be for emergency services, as defined in this handbook, will not be covered.

Post Stabilization and Follow-up Care After an Emergency

Once your emergency medical condition has been treated at a hospital and an emergency no longer exists because your condition is stabilized, the doctor who is treating you may want you to stay in the hospital for a while longer before you can safely leave the hospital. The services you receive after an emergency condition is stabilized are called “post-stabilization services.”

If the hospital where you received emergency services is not part of L.A. Care’s contracted network (“non-contracted hospital”), the non-contracted hospital will contact L.A. Care to get approval for you to stay in the non-contracted hospital. If L.A. Care approves your continued stay in the non-contracted hospital, you will not have to pay for services.

If L.A. Care has notified the non-contracting hospital that you can safely be moved to one of L.A. Care’s contracted hospitals, L.A. Care will arrange and pay for you to be moved from the non-contracted hospital to a contracted hospital.

If L.A. Care determines that you can be safely transferred to a contracted hospital, and you, your spouse or legal guardian do not agree to you being transferred, the non-contracted hospital must give you, your spouse or legal guardian a written notice stating that you will have to pay for all of the cost for post-stabilization services provided to you at the non-contracted hospital after your emergency condition is stabilized.

Also, you may have to pay for services if the non-contracted hospital cannot find out what your name is and cannot get L.A. Care’s contact information to ask for approval to provide services once you are stable.

If you feel that you were improperly billed for post-stabilization services that you received from a non-contracted hospital, please contact the L.A. Care Member Services at **1-855-270-2327/711** (TTY/TDD).

Home Health Care

"Home health care" means services provided in the home by nurses, medical social workers, home health aides, and physical, occupational, and speech therapists. We cover home health care only if all of the following are true:

care from a nurse, physical therapist, occupational therapist, or speech therapist that only a licensed provider can provide)

- A participating provider determines that it is feasible to maintain effective supervision and control of your care in your home and that the services can be safely and effectively provided in your home
- The services are provided inside our service area

Services are limited to those authorized by L.A. Care to 100 visits per year, 3 visits per day, up to 2 hours per visit (nurse, social worker, physical/ occupational/ speech therapist) or 3 hours for a home health aide. If a service can be provided in more than one location, L.A. Care will work with the provider to choose the location.

Note: If a visit by a nurse, medical social worker, or physical, occupational, or speech therapist lasts longer than 2 hours, then each additional increment of 2 hours counts as a separate visit. If a visit by a home health aide lasts longer than 3 hours, then each additional increment of 3 hours counts as a separate visit. For example, if a nurse comes to your home for 2 hours and then leaves, that counts as 2 visits. Also, each person providing services counts toward these visit limits. For example, if a home health aide and a nurse are both at your home during the same 2 hours that counts as two visits.

- Custodial care
- Care that an unlicensed family member or layperson could provide safely/effectively

California Children’s Services (CCS)

Children needing specialized medical care may be eligible for the California Children’s Services (CCS) program.

CCS is a California medical program that treats children with certain physical conditions and who need specialized medical care. This program is available to all children in California whose families meet certain medical, financial and residential eligibility requirements. Services provided through the CCS program are coordinated by the local county CCS office.

If a member's PCP suspects or identifies a possible CCS eligible condition, he/she may refer the member to the local county CCS program. The CCS program (local or the CCS Regional Office) will determine if the member's condition is eligible for CCS services.

If determined to be eligible for CCS services, a L.A. Care Covered™ Member continues to stay enrolled in the QHP product. He or she will be referred and should receive treatment for the CCS eligible condition through the specialized network of CCS providers and/or CCS approved specialty centers. These CCS providers and specialty centers are highly trained to treat CCS eligible conditions. L.A. Care will continue to provide primary care and prevention services that are not related to the CCS eligible conditions, as described in this document. L.A. Care will also work with the CCS program to coordinate care provided by both the CCS program and the plan. L.A. Care will continue to provide all other medical services not related to CCS diagnosis.

The CCS office must verify residential status for each child in the CCS program. If your child is referred to the CCS program, you will be asked to complete a short application to verify residential status, financial eligibility and ensure coordination of your child's care after the referral has been made.

Additional information about the CCS program can be obtained by calling the Los Angeles County CCS program at **1-800-288-4584** for more information.
