

What Your A1c Number Means

L.A. Care
HEALTH PLAN®

For A Healthy Life

The A1c test measures average blood sugar level over the past 2 to 3 months. This is different than testing your blood sugar at home. The A1c is given as a percent. Here is what the numbers mean.

	% A1c	Mg/dl glucose (average)
	5	97
5.7-6.4% is prediabetes	5.5	110
	6	126
	6.5	140
6.5% or more is diabetes	7	154
	7.5	170
	8	183
	8.5	200
	9	212
	9.5	225
	10 or more	240 or more
