If the pt is discharging from the ED, we would require the ED notes. If the pt is referred to us from the community, we would require the most recent notes and H&P. Bariatric Bed: our beds hold up to 500 pounds. the accommodation of a bariatric bed would depend on our capacity/census. Regarding columns D-F, usually the H&P does not state this information. We find out once the patient is admitted to us and they advise us that they have to contact their parole officer to provide them our address.
